EXECUTIVE HIGHLIGHTS

OVERVIEW:

The Department of Developmental Services (DDS) provides 24/7 residential services to its residents at four Developmental Centers (DC) and one State-operated Community Facility. The DDS continues to project an overall decline in the number of DC residents consistent with the ongoing transition of individuals residing in a DC into community living arrangements; the passage of Assembly Bill (AB) 1472 which placed a moratorium on admissions to the State-operated facilities, with limited exceptions; and the continuation of Lanterman DC closure related activities. In addition to the decline in residents, this Estimate reflects other changes adopted in the 2012 Budget Act and associated Trailer Bill (AB 1472), such as the expansion of the transition program at Porterville DC from 30 to 60 residents.

Developmental Center costs are also adjusted in this estimate for projected resident population as of April 1, 2013 (17 more individuals in center than anticipated in the Governor's Budget in the current year, 29 in the budget year); shift in funding at the Sonoma DC in response to the four Intermediate Care Facility (ICF) units withdraw from the Medicaid Provider Agreement to ensure continued federal funding for the remaining six ICF units; and the Sonoma DC Program Improvement Plan (PIP).

DDS proposes a \$1.8 million (\$8.5 million GF) increase in Current Year (CY) 2012-13. The changes are composed of the following:

- \$1.5 million (\$0.9 million GF) due to a higher than anticipated projected resident population on April 1, 2013, primarily based on fewer individuals transitioning to community settings. The increase includes \$1.0 million (\$0.6 million GF) in Level of Care (LOC) and \$0.5 million (\$0.3 million GF) in Non-Level of Care (NLOC). Because DDS continues to have a high vacancy rate, the May Revision only includes a request for the change in funding. Positions were not adjusted.
- \$0.3 million (\$0.2 million GF) to support the Sonoma DC Independent Consultative Review Expert (ICRE) contract as required by the PIP.
- \$7.4 million funding shift from reimbursement to general fund to backfill for the four Sonoma ICF units withdraw from the Medicaid Provider Agreement to ensure continued federal funding for the remaining six ICF units.

DDS proposes a \$4.0 million (\$18.3 million GF) increase for Budget Year (BY) 2013-14. The changes are composed of the following:

- \$1.5 million (\$0.9 million GF) due to a higher than anticipated projected resident population on April 1, 2013, primarily based on fewer individuals transitioning to community settings. The increase includes \$2.3 million (\$1.4 million GF) in Level of Care (LOC) and -\$0.9 million (-\$0.5 million GF) in Non-Level of Care (NLOC). Because DDS continues to have a high

- vacancy rate, the May Revision only includes a request for the change in funding. Positions were not adjusted.
- \$2.5 million (\$1.7 million GF) to support the Sonoma DC ICRE Contract as required by the PIP.
 - \$15.7 million funding shift from reimbursement to general fund to backfill for the four Sonoma ICF units withdraw from the Medicaid Provider Agreement to ensure continued federal funding for the remaining six ICF units.

New Major Assumptions

Sonoma Developmental Center Four ICF Unit Withdrawal:

The California Department of Public Health (CDPH), in partnership with the Centers for Medicare and Medicaid Services (CMS) conducts annual surveys at the developmental centers for compliance with licensing and certification regulatory requirements. Extensive survey activity has occurred since May 2012 for the Intermediate Care Facility at Sonoma DC, resulting in federal findings of non-compliance and state licensing citations. All the federal findings were in relation to the ICF at Sonoma DC, and did not apply to the Nursing Facility.

In addition to responding to the findings of the CDPH/CMS survey team, DDS self-identified a number of areas of concern, and initiated an aggressive Corrective Action Plan (Plan) for immediate improvements. The Plan calls for increased oversight, a full range of changes to facility practices, the provision of consultation, training and supports by external resources, as well as an analysis of the available resources and deployment of staff.

The Sonoma DC ICF consists of ten currently occupied residential units. While deficiencies were noted in the management, training, and staffing affecting all ICF units generally, the problems were more significant in four of the ICF units. DDS amended the Medicaid Provider Agreement to discontinue Medicaid certification for the four ICF units with the most significant problems, effective January 17, 2013. DDS is committed to fixing problems with all of the ICF units, but addressing the problems in these four will take additional time. The withdrawal also allows the four units to be re-certified under the existing Medicaid Provider Agreement without requiring extensive infrastructure modification. As a condition of the PIP, DDS can request re-certification of the four units once the conditions of the PIP are met, including a clean survey by CDPH. These ICF units currently serve 111 of the 287 residents in the ICF program at Sonoma DC. The withdrawal of these four ICF units results in a Federal Fund loss of approximately \$1.37 million per month based on current population.

Sonoma Developmental Center PIP:

The Department of Developmental Services has entered into a Program Improvement Plan with the California Department of Public Health to address deficiencies in the Intermediate Care Facility at the Sonoma DC. CDPH is the state survey and certification agency on behalf of the federal Centers for Medicare and Medicaid Services.

This agreement provides the facility further opportunity to achieve and maintain compliance with federal requirements, while retaining federal funding for services.

The PIP establishes a structure for independent analysis and monitoring of the facility over the next year that will improve the services to the individuals residing at Sonoma. As a condition of the PIP, DDS will contract with an Independent Consultative Review Expert to conduct a root cause analysis and establish an Action Plan that will acknowledge improvements already made at Sonoma DC, as well as the steps still needed to bring the facility back into compliance.

DDS has taken numerous actions to resolve problems identified at the facility, including contracting with the California Highway Patrol to oversee the law enforcement operations at Sonoma DC; establishment of an independent onsite monitor; expanding the comprehensive functional assessment for residents; and enhanced staff training and accountability.

In addition to the ICRE contract funding, DDS is also proposing to add the following budget bill provisional language to Item 4300-003-0001. This language is necessary to ensure funding is available for full implementation of the PIP in 2013-14.

Provision: Notwithstanding any other provision of law, the Department of Finance may authorize expenditures for the State Department of Developmental Services up to \$10,000,000 of funding available in this item to address costs necessary to implement the Action Plan developed in accordance with the Program Improvement Plan for the Sonoma Developmental Center. Within 10 working days, the Department of Finance shall notify the Legislature of the expenditures to be authorized.

Re-appropriation of 2010-11 to Liquidate Encumbrances

The Department is requesting to reappropriate funding from fiscal year 2010-11 to liquidate encumbrances. Two special repair (SR) contracts at the Sonoma Developmental Center are funded from 2010-11 authority and will not be complete prior to June 30, 2013 when the 2010-11 appropriation reverts. The estimated completion date for both contracts is August 2013.

4300-492—Reappropriation, Department of Developmental Services. Notwithstanding any other provision of law, the period to liquidate encumbrances of the following citations are extended to June 30, 2014:

0001—General Fund

(1) Item 4300-003-0001, Budget Act of 2010 (Ch. 712, Stats. 2010)

Project Detail:

- SR#1 – Replace Sewer Main & Piping (Regamey/Emparan Buildings): Contract amount is \$374,000, of which \$205,700 remains unliquidated.
- SR#5 – Replace Flooring (Regamey/Emparan Buildings): Contract Amount is \$212,444, of which \$116,844 remains unliquidated.

Assumptions/Methodology:

Historical data indicates that more placements occur in the second half of the fiscal year due to resource development (new providers/beds) in the community. The average in-center population estimate is weighted to account for this factor.

New Major Assumption

FFP Backfill for Sonoma 4 ICF Unit Withdrawal

DESCRIPTION:

The California Department of Public Health (CDPH), in partnership with the Centers for Medicare and Medicaid Services (CMS) conducts annual surveys at the developmental centers for compliance with licensing and certification regulatory requirements. Extensive survey activity has occurred since May 2012 for the Intermediate Care Facility (ICF) at Sonoma Developmental Center (SDC), resulting in federal findings of non-compliance and state licensing citations. All the federal findings were in relation to the ICF at SDC, and did not apply to the Nursing Facility.

In addition to responding to the findings of the CDPH/CMS survey team, DDS self-identified a number of areas of concern, and initiated an aggressive Corrective Action Plan (Plan) for immediate improvements. The Plan calls for increased oversight, a full range of changes to facility practices, the provision of consultation, training and supports by external resources, as well as an analysis of the available resources and deployment of staff.

The SDC ICF consists of ten currently occupied residential units. While deficiencies were noted in the management, training, and staffing affecting all ICF units generally, the problems were more significant in four of the ICF units. DDS has amended the Medicaid Provider Agreement to discontinue Medicaid certification for the four ICF units with the most significant problems, effective January 17, 2013. DDS is committed to fixing problems with all of the ICF units, but addressing the problems in these four will take additional time. The withdrawal also allows the four units to be re-certified under the existing Medicaid Provider Agreement without requiring extensive infrastructure modification. As a condition of the PIP, DDS can request re-certification of the four units once the conditions of the PIP are met, including a clean survey by CDPH. These ICF units currently serve 111 of the 287 residents in the ICF program at SDC. The withdrawal of these four ICF units results in a Federal Fund loss of approximately \$1.37 million per month based on current population.

New Major Assumption

Sonoma Developmental Center Program Improvement Plan

DESCRIPTION:

The Department of Developmental Services (DDS) has entered into a Program Improvement Plan (PIP) with the California Department of Public Health (CDPH) to address deficiencies in the Intermediate Care Facility (ICF) at the Sonoma Developmental Center (Sonoma). CDPH is the state survey and certification agency on behalf of the federal Centers for Medicare and Medicaid Services.

This agreement provides the facility further opportunity to achieve and maintain compliance with federal requirements, while retaining federal funding for services.

The PIP establishes a structure for independent analysis and monitoring of the facility over the next year that will improve the services to the individuals residing at Sonoma. As a condition of the PIP, DDS will contract with an Independent Consultative Review Expert (ICRE) to conduct a root cause analysis and establish an Action Plan that will acknowledge improvements already made at Sonoma, as well as the steps still needed to bring the facility back into compliance.

DDS has taken numerous actions to resolve problems identified at the facility, including contracting with the California Highway Patrol to oversee the law enforcement operations at Sonoma; establishment of an independent onsite monitor; expanding the comprehensive functional assessment for residents; and enhanced staff training and accountability.

The DDS is requesting additional funding of \$2.8 million (\$2.0 million GF) to support the ICRE contract as required by the PIP. DDS will update its estimated costs for implementation of the PIP once the ICRE completes its root cause analysis and develops the required action plan. The action plan is currently scheduled to be completed by late September 2013.

In addition to the ICRE contract funding, DDS is also proposing to add the following budget bill provisional language to Item 4300-003-0001. This language is necessary to ensure funding is available for full implementation of the PIP in 2013-14.

Provision: Notwithstanding any other provision of law, the Department of Finance may authorize expenditures for the State Department of Developmental Services up to \$10,000,000 of funding available in this item to address costs necessary to implement the Action Plan developed in accordance with the Program Improvement Plan for the Sonoma Developmental Center. Within 10 working days, the Department of Finance shall notify the Legislature of the expenditures to be authorized.

Re-appropriation of 2010-11 to Liquidate Encumbrance

DESCRIPTION:

The Department is requesting to reappropriate funding from fiscal year 2010-11 to liquidate encumbrances. Two special repair (SR) contracts at the Sonoma Developmental Center are funded from 2010-11 authority and will not be complete prior to June 30, 2013 when the 2010-11 appropriation reverts. The estimated completion date for both contracts is August 2013.

4300-492—Reappropriation, Department of Developmental Services. Notwithstanding any other provision of law, the period to liquidate encumbrances of the following citations are extended to June 30, 2014:

0001—General Fund

(1) Item 4300-003-0001, Budget Act of 2010 (Ch. 712, Stats. 2010)

Project Detail:

- SR#1 – Replace Sewer Main & Piping (Regamey/Emparan Buildings): Contract amount is \$374,000, of which \$205,700 remains unliquidated.
- SR#5 – Replace Flooring (Regamey/Emparan Buildings): Contract Amount is \$212,444, of which \$116,844 remains unliquidated.

General Fund

DESCRIPTION:

The General Fund is used for two purposes: 1) as a match to Title XIX Reimbursement funds received for payment of resources/services for Medi-Cal eligible residents (these funds are referred to as "General Fund Match") and 2) to pay for non-Medi-Cal eligible resources/services for residents in the developmental centers and the state-operated community facility (DC/CF). These funds are referred to as "General Fund Other."

ASSUMPTIONS/METHODOLOGY:

BY 2013-14

General Fund:

The DCs/CF's General Fund appropriation consists of two components: (1) General Fund Match and (2) General Fund Other. Details of these components are as follows:

• General Fund Match:			\$266,734,291	\$257,243,000
General Fund Match to FMAP	<u>CY 2012-13</u>	<u>BY 2013-14</u>		
Non-Proposition 98	50.00%	50.00%	260,293,458	251,333,000
Proposition 98	50.00%	50.00%	6,189,735	5,659,000
HIPAA	50.00%	50.00%	251,098	251,000

This portion of General Fund is required as a match to Medi-Cal Reimbursements received from the Department of Health Care Services (DHCS). These Reimbursements are originally funded by the federal government and passed through DHCS (the federally recognized single state agency for Medicaid). The federal financial participation costs are established by utilizing the federal medical assistance percentages (FMAP) provided by DHCS.

• General Fund Other			\$25,669,939	\$40,392,000
This funding is for services provided to the DC/CF residents who are not eligible for federal or other reimbursement funding. Funding also includes \$7,090,000 (CY) and \$7,092,000 (BY) for Lease-Revenue Bonds.			25,669,939	40,392,000
