**Screen 3 - Maintenance Entry**

- b) Must back tab (SHIFT + TAB) to MWS (waiver type) entry field
  - i) Valid values are 'M' (regular Medicaid Waiver) or 'I' (1915i)
    - (1) Required fields:
      - (a) Eligibility Group A – discharged from SDC. Include Waiver type (MWS) M or I, SDC case number, exit date, eligibility for waiver = Y, eligibility date, determined by, and signature date. Eligibility date must be the same as exit date or no more than one day after the SDC exit date.
      - (b) Eligibility Group B – Not discharged from SDC. Requires Waiver type (MWS) M or I, eligibility for waiver = Y, eligibility date, determined by, and signature date.
      - (c) Eligibility Group I – Institutionally Deemed. For add, change, or X transactions, an entry including SDC case # and SDC exit date will be treated the same way as Eligibility Group A. An input of "I" with no SDC case # and exit date will edit as Eligibility Group B.
      - (d) Signature date must be no more than 30 days past eligibility date.

Note: System may change dates to either the first day of the month, the last day of the month, or to the first day of the month of the Signature Date. When this happens, a message will appear notifying the user. There is an override feature that will allow you to keep the date you've entered.

### Using Function Code C

- 1) Enter function code C to update/change.
  - a. The following transaction codes are supported:
  - b. Termination (transaction code C)
  - c. Requires termination reason, termination date, determined by, and signature date. In some cases, a reason will be required to be entered in the Comments field. Note: When a 2<sup>nd</sup> termination is entered, the system will blank out the reactivation of the previous termination.
  - d. Reactivation (transaction code C)
    - i. Requires reactivation reason, reactivation date, determined by, and signature date. In some cases, a reason will be required to be entered in the Comments field.
  - e. Recertification (transaction code R)
    - i. Requires recertification date, determined by, and signature date.
  - f. Short Term Absence (transaction code S)
    - i. Requires termination with reactivation within 120 days.
  - g. X Transactions (transaction code X)
    - i. Used for odd situations. There are minimal edits with an X transaction. Requires determined by, signature date, and comment. Signature date must be within 30 days of the latest date displayed for any field.
  - h. Change of:
    - i. Waiver Type (MWS or 1915i)
    - j. Eligibility Group (B or I)
    - k. SDC Case # (if eligibility group I)
    - l. Exit Date (if SDC)
    - m. Waiver Eligibility (yes or no)

- a. Eligibility Date (if change in waiver type or if eligibility for waiver was changed from N to Y)

F7 from Screen 1 (Consumer Selection) will display the End of Job screen:

If you choose to print the transaction report for the session, enter WRKSPLF to find the report(s) produced: MWSLOG01 (optional) and LA03001.

#### The Determined By Field

1) Enter a full name or initials. If initials are used, they must be in the Table of MWS Certifiers. Use LAMENU Option 8 to maintain:

2) The certifier initials can be up to three alpha numeric characters. Enter the full name on the text line. You will have the option of printing a listing of certifiers on file when you end the job.

## Late Reporting

- 1) LAMENU Option #2 – Late Reporting Recertifications – created as an X transaction.
- 2) LAMENU Option #3 – Late Reporting Short Term Absences – created as an S transaction.
