EXECUTIVE SUMMARY

The Department of Developmental Services (DDS) and the Department of Health Care Services (DHCS) conducted the federal compliance monitoring review of the Home and Community-Based Services (HCBS) Waiver from June 17–28, 2019, at Regional Center of Orange County (RCOC). The monitoring team members were Linda Rhoades (Team Leader), Corbett Bray, Ray Harris, Bonnie Simmons, and Kathy Benson from DDS, and Raylyn Garrett and JoAnn Wright from DHCS.

Purpose of the Review

DDS contracts with 21 private, non-profit corporations to operate regional centers, which are responsible under state law for coordinating, providing, arranging or purchasing all services needed for eligible individuals with developmental disabilities in California. All HCBS Waiver services are provided through this system. It is the responsibility of DDS to ensure, with the oversight of DHCS, that the HCBS Waiver is implemented by regional centers in accordance with Medicaid statute and regulations.

Overview of the HCBS Waiver Programmatic Compliance Monitoring Protocol

The compliance monitoring review protocol is comprised of sections/components designed to determine if the consumers' needs and program requirements are being met and that services are being provided in accordance with the consumers' individual program plans (IPP). Specific criteria have been developed for the review sections listed below that are derived from federal/state statutes and regulations and from the Centers for Medicare & Medicaid Services' directives and guidelines relating to the provision of HCBS Waiver services.

Scope of Review

The monitoring team reviewed a sample of 69 HCBS Waiver consumers. In addition, the following supplemental sample consumer records were reviewed: 1) three consumers whose HCBS Waiver eligibility had been previously terminated; 2) three consumers who moved from a developmental center; 3) ten consumers who had special incidents reported to DDS during the review period of April 1, 2018 through March 31, 2019; and 4) four consumers who were enrolled in the HCBS Waiver during the review period.

The monitoring team completed visits to 11 community care facilities (CCF) and 14 day programs. The team reviewed 11 CCF and 25 day program consumer records and interviewed and/or observed 59 selected sample consumers.

Overall Conclusion

RCOC is in substantial compliance with the federal requirements for the HCBS Waiver program. Specific recommendations that require follow-up actions by RCOC are included in the report findings. DDS is requesting documentation of follow-up actions taken by RCOC in response to each of the specific recommendations within 30 days following receipt of this report.

Major Findings

Section I – Regional Center Self-Assessment

The self-assessment responses indicated that RCOC has systems and procedures in place for implementing the state and HCBS Waiver requirements addressed in the self-assessment criteria.

Section II – Regional Center Consumer Record Review

Sixty-nine sample consumer records were reviewed for 31 documentation requirements (criteria) derived from federal and state statutes and regulations and HCBS Waiver requirements. Criterion 2.2 was 70 percent in compliance because 21 of the 69 sample consumer records did not contain a signed and dated Choice of Services/Living Arrangements (DS 2200) form. Criterion 2.7.b was 27 percent in compliance because 22 of the 30 applicable sample records did not contain signed IPP addendums. One criterion was rated as not applicable for this review. The sample records were 97 percent in overall compliance for this review.

RCOC's records were 98 percent and 99 percent in overall compliance for the collaborative reviews conducted in 2017 and in 2015, respectively.

New Enrollees: Four sample consumers were reviewed for level-of-care determination prior to receipt of HCBS Waiver services. RCOC's records were 100 percent in overall compliance for this review.

Section III – Community Care Facility Consumer Record Review

Eleven consumer records were reviewed at 11 CCFs for 19 documentation requirements (criteria) derived from Title 17, California Code of Regulations. The sample records were 100 percent in overall compliance for 16 criteria on this review. Three criteria were rated as not applicable for this review.

RCOC's records were 100 percent in overall compliance for the collaborative reviews conducted in 2017 and in 2015.

Section IV – Day Program Consumer Record Review

Twenty-five consumer records were reviewed at 14 day programs for 17 documentation requirements (criteria) derived from Title 17, California Code of Regulations. The sample records were 100 percent in overall compliance for this review. Three criteria were not applicable for this review.

RCOC's records were 98 percent in overall compliance for the collaborative reviews conducted in 2017 and in 2015.

Section V – Consumer Observations and Interviews

Fifty-nine sample consumers, or in the case of minors, their parents, were interviewed and/or observed at their CCFs, day programs, or in independent living settings. The monitoring team observed that all consumers were in good health and were treated with dignity and respect. All interviewed consumers/parents indicated that they were satisfied with their services, health and choices.

Section VI A – Service Coordinator Interviews

Fourteen service coordinators were interviewed using a standard interview instrument. The service coordinators responded to questions regarding their knowledge of the consumer, the IPP/annual review process, the monitoring of services, health issues, and safety. The service coordinators were very familiar with the consumers and knowledgeable about their roles and responsibilities.

Section VI B – Clinical Services Interview

RCOC's Medical Director was interviewed using a standard interview instrument. He responded to questions regarding the monitoring of consumers with medical issues, medications, behavior plans, the coordination of medical and mental health care for consumers, clinical supports to assist service coordinators, and the clinical team's role on the Risk Management Committee and special incident reporting.

Section VI C – Quality Assurance Interview

A quality assurance (QA) coordinator was interviewed using a standard interview instrument. She responded to questions regarding how RCOC is organized to conduct Title 17 monitoring reviews, verification of provider qualifications, resource development activities, special incident reporting, and QA activities where there is no regulatory requirement.

Section VII A – Service Provider Interviews

Fourteen service providers at nine CCFs and five day programs were interviewed using a standard interview instrument. The service providers responded to questions regarding their knowledge of the consumer, the annual review process, and the monitoring of health issues, medication administration, progress, safety and emergency preparedness. The staff was familiar with the consumers and knowledgeable about their roles and responsibilities.

Section VII B – Direct Service Staff Interviews

Eight CCF and five day program direct service staff were interviewed using a standard interview instrument. The direct service staff responded to questions regarding their knowledge of consumers, the IPP, communication, service delivery, procedures for safety, emergency preparedness, and medications. The staff were familiar with the consumers and knowledgeable about their roles and responsibilities.

Section VIII – Vendor Standards Review

The monitoring team reviewed nine CCFs and five day programs utilizing a standard checklist with 23 criteria that are consistent with HCBS Waiver requirements. The reviewed vendors were in good repair with no immediate health or safety concerns observed.

Section IX – Special Incident Reporting

The monitoring team reviewed the records of the 69 HCBS Waiver consumers and 10 supplemental sample consumers for special incidents during the review period. RCOC reported all deaths to DDS during this period of time. For the supplemental sample, the service providers reported 8 of the 10 incidents to RCOC within the required timeframes, and RCOC subsequently transmitted all 10 special incidents to DDS within the required timeframes. RCOC's follow-up activities for the 10 consumer incidents were timely and appropriate for the severity of the situation.

SECTION I

REGIONAL CENTER SELF-ASSESSMENT

I. Purpose

The regional center self-assessment addresses the California Home and Community-Based Services (HCBS) Waiver assurances criteria and is designed to provide information about the regional center's processes and practices. The responses are used to verify that the regional center has processes in place to ensure compliance with federal and state laws and regulations.

The self-assessment obtains information about RCOC's procedures and practices to verify that there are processes in place to ensure compliance with state and federal laws and regulations as well as the assurances contained in the HCBS Waiver application approved by the Centers for Medicare & Medicaid Services.

II. Scope of Assessment

RCOC is asked to respond to questions in four categories that correspond to the HCBS Waiver assurances with which the regional center is responsible for complying. The questions are shown at the end of this section.

III. Results of Assessment

The self-assessment responses indicate that RCOC has systems and procedures in place for implementing the state and HCBS Waiver requirements addressed in the self-assessment criteria.

✓ The full response to the self-assessment is available upon request.

SECTION II

REGIONAL CENTER CONSUMER RECORD REVIEW

I. Purpose

The review is based upon documentation criteria derived from federal/state statutes and regulations and from the Centers for Medicare & Medicaid Services' directives and guidelines relating to the provision of Home and Community-Based Services (HCBS) Waiver services. The criteria address requirements for eligibility, consumer choice, notification of proposed action and fair hearing rights, level of care, individual program plans (IPP) and periodic reviews and reevaluations of services. The information obtained about the consumer's needs and services is tracked as a part of the onsite program reviews.

II. Scope of Review

1. Sixty-nine HCBS Waiver consumer records were selected for the review sample.

Living Arrangement	# of Consumers
Community Care Facility (CCF)	24
With Family	25
Independent or Supported Living Setting	20

2. The review period covered activity from April 1, 2018 through March 31, 2019.

III. Results of Review

The 69 sample consumer records were reviewed for 31 documentation requirements derived from federal and state statutes and regulations and HCBS Waiver requirements. Three supplemental records were reviewed solely for documentation that RCOC had either provided the consumer with written notification prior to termination of the consumer's HCBS Waiver eligibility or the consumer had voluntarily disenrolled from the HCBS Waiver. Additionally, three supplemental records were reviewed solely for documentation indicating that the consumer received face-to-face reviews every 30 days for the first 90 days after moving from a developmental center.

- ✓ The sample records were 100 percent in compliance for 25 criteria. There are no recommendations for these criteria. One criterion was rated not applicable for this review.
- ✓ Findings for five criteria are detailed below.

- ✓ A summary of the results of the review is shown in the table at the end of this section.

IV. Findings and Recommendations

- 2.2 Each record contains a dated and signed Medicaid Waiver Consumer Choice of Services/Living Arrangements form (DS 2200). [SMM 4442.7; 42 CFR 441.302(d)]

Findings

Forty-eight of the sixty-nine (70 percent) sample consumer records contained a completed DS 2200 form. However, the records for consumers #10, #11, #16, #21, #34, #41, #42 and #54 did not contain a DS 2200 form. The records for consumers #24, #27, #28, and #55 did not contain a dated DS 2200. The records for consumers #4, #9, #12, #13, #32, #39, #43, #44 and #52 did not contain a signed and dated DS 2200 upon turning 18. Subsequent to the monitoring review, consumers #4, #9, #12, #13, #39, and #43 signed and dated the DS 2200. Accordingly, no recommendation is required for these consumers.

2.2 Recommendations	Regional Center Plan/Response
RCOC should ensure that the DS 2200 form for consumers #10, #11, #16, #21, #24, #27, #28, #32, #34, #41, #42, #44, #52, #54, and #55 are properly signed and dated.	RCOC will continue to provide ongoing training and oversight to service coordinators to ensure that the DS 2200 must be obtained prior to enrollment and reactivation. MW workgroups were held to train and support Service Coordinators in auditing their Medicaid Waiver caseload. RCOC will continue to provide ongoing training and oversight to ensure consistency with follow-up of missing or incomplete DS 2200 forms.

- 2.5.a The consumer’s qualifying conditions and any special health care requirements used to meet the level-of-care requirements for care provided in ICF/DD, ICF/DD-H, or ICF/DD-N facilities are documented in the consumer’s CDER and/or other assessments. (SMM 4442.5; 42 CFR 441.302(c); Title 22, CCR, §51343)

Findings

Sixty-seven of the sixty-nine (97 percent) sample consumer records had documented qualifying conditions. However, the DS 3770 for consumers #12 and #22 listed only one qualifying condition. During the monitoring review, RCOC provided a DS 3770 and CDER including two more qualifying conditions

for consumer #22 dated 7/9/19. Accordingly, no recommendation is required for this consumer.

2.5.a Recommendations	Regional Center Plan/Response
RCOC should reevaluate the HCBS Waiver eligibility of consumer #12 to ensure that the consumer meets the level-of-care requirements. If the consumer does not have at least two qualifying conditions that meet the level-of-care requirements, the consumer’s HCBS Waiver eligibility should be terminated. If RCOC determines the consumer remains eligible for the waiver, supporting documentation, such as an updated CDER and DS 3770, should be submitted with the response to this report.	DS 3770 was corrected for consumer #12 on 07/09/19. To ensure consistency in meeting the waiver compliance eligibility requirements, only the Medicaid Waiver specialist can process the DS 3770. This procedure went into effect as of September 2019.

2.5.b The consumer’s qualifying conditions documented in the Client Development Evaluation Report (CDER) are consistent with information contained in the consumer’s record. (SMM 4442.5; 42 CFR 441.302(c); Title 22, CCR, §51343)

Finding

Sixty-eight of the sixty-nine (99 percent) sample consumer records documented level-of-care qualifying conditions that were consistent with information found elsewhere in the record. The record for consumer #24 identified “running/wandering away” on the DS 3770. However, there was no supporting information in the consumer’s record (IPP, progress reports, vendor reports, etc.) that described the impact of the identified condition or need for services and supports. During the monitoring review, RCOC provided a DS 3770 dated 3/19/19 removing “running/wandering away” for consumer #24. Accordingly, no recommendation is required.

2.7.b IPP addenda are signed by an authorized representative of the regional center and the consumer or, where appropriate, his/her parents, legal guardian, or conservator.

Findings

Eight out of thirty (27 percent) applicable sample consumer records contained IPP addenda signed by RCOC and the consumer or, where appropriate, his/her parents, legal guardian, or conservator. However, records for 22 consumers did not indicate that the addenda were signed as indicated below:

1. Consumer #3: Addendum dated 10/29/18. During the monitoring review, RCOC provided a signed and corrected addendum dated 6/18/19. Accordingly, no recommendation is required.
2. Consumer #4: Addendum dated 1/29/19.
3. Consumer #10: Addendum dated 10/5/18.
4. Consumer #11: No addendum for "Get Safe."
5. Consumer #12: Addendum dated 8/21/18. During the monitoring review, RCOC provided a corrected IPP dated 3/5/19. Accordingly, no recommendation is required.
6. Consumer #18: No addendum for "Get Safe."
7. Consumer #20: Addendum dated 10/17/18.
8. Consumer #28: Addendum dated 3/19/19.
9. Consumer #32: Addendum dated 8/3/18.
10. Consumer #33: Addendum dated 10/17/18.
11. Consumer #43: Addendum dated 5/24/18.
12. Consumer #44: Addendum dated 2/7/19.
13. Consumer #48: Addendum dated 2/20/19.
14. Consumer #49: Addendum dated 12/28/18. During the monitoring review, RCOC provided a signed and corrected addendum dated 6/14/19. Accordingly, no recommendation is required.
15. Consumer #50: Addendum dated 5/29/18.
16. Consumer #51: Addendum dated 1/30/19.
17. Consumer #52: Addendum dated 2/7/19. During the monitoring review, RCOC provided a signed and corrected addendum dated 6/14/19. Accordingly, no recommendation is required.
18. Consumer #53: Addendum dated 2/5/19.
19. Consumer #56: Addendum dated 1/15/19.

20. Consumer #61: Addendum dated 2/5/19.
21. Consumer #62: Addendum dated 1/17/19. During the monitoring review, RCOC provided a signed and corrected addendum dated 6/14/19. Accordingly, no recommendation is required.
22. Consumer #63: Addendum dated 5/17/18.

2.7.b Recommendations	Regional Center Plan/Response
RCOC should ensure that the IPP addenda for consumers #4, #10, #11, #18, #20, #28, #32, #33, #43, #44, #48, #50, #51, #53, #56, #61, and #63 are signed and dated.	The corrected signed and dated addendum signature pages for all 17 consumers are on file. RCOC will continue to provide ongoing training and oversight to service coordinators regarding the importance of getting the addendum signature page signed and dated.

2.10.a The IPP includes a schedule of the type and amount of all services and supports purchased by the regional center. *[W&I Code §4646.5(a)(4)]*

Findings

Sixty of the sixty-nine (87 percent) sample consumer IPPs included a schedule of the type and amount of all services and supports purchased by RCOC. However, IPPs for seven consumers did not indicate RCOC funded services as indicated below:

1. Consumer #8: Individual/family training.
2. Consumer #11: Individual/family training.
3. Consumer #18: Individual/family training.
4. Consumer #26: Individual/family training.
5. Consumer #27: Individual/family training.
6. Consumer #33: Individual/family training.
7. Consumer #40: Individual/family training.

8. Consumer #42: Individual/family training. During the monitoring review, RCOC provided a corrected IPP dated 3/25/19. Accordingly, no recommendation is required.
9. Consumer #53: Personal Assistant. During the monitoring review, RCOC provided a corrected addendum dated 2/5/19. Accordingly, no recommendation is required.

2.10.a Recommendations	Regional Center Plan/Response
<p>RCOC should ensure that the IPPs for consumers #8, #11, #18, #26, #27, #33, and #40 include a schedule of the type and amount of all services and supports purchased by RCOC.</p>	<p>The IPP addendums for #8, #11, #18, #26, #27, #33, and #40 have been completed to include a schedule of the type and amount of all services and supports purchased by RCOC. RCOC will continue to provide ongoing training and oversight to ensure that the type and amount of all supports and services purchased for a consumer by RCOC will be included on each IPP addendum.</p>

SECTION III

COMMUNITY CARE FACILITY CONSUMER RECORD REVIEW

I. Purpose

The review addresses the requirements for community care facilities (CCF) to maintain consumer records and prepare written reports of consumer progress in relation to the services addressed in the individual program plan (IPP) for which the facility is responsible. The criteria are derived from Title 17, California Code of Regulations.

II. Scope of Review

Eleven consumer records were reviewed at 11 CCFs visited by the monitoring team. The facilities' consumer records were reviewed to determine compliance with 19 criteria.

III. Results of Review

The consumer records were 100 percent in compliance for 16 criteria. Three criteria were not applicable for this review.

- ✓ The sample records were 100 percent in compliance for 16 applicable criteria. There are no recommendations for these criteria.

A summary of the results of the review is shown in the table at the end of this section.

SECTION IV

DAY PROGRAM CONSUMER RECORD REVIEW

I. Purpose

The review criteria address the requirements for day programs to maintain consumer records and prepare written reports of consumer progress in relation to the services addressed in the individual program plan (IPP) that the day program provider is responsible for implementing. The criteria are derived from Title 17, California Code of Regulations.

II. Scope of Review

Twenty-five consumer records were reviewed at 14 day programs visited by the monitoring team. The records were reviewed to determine compliance with 17 criteria. Three criteria were not applicable for this review.

III. Results of Review

The consumer records were 100 percent in compliance for 14 criteria. There are no recommendations for these criteria.

- ✓ A summary of the results of the review is shown in the table at the end of this section.

SECTION V

CONSUMER OBSERVATIONS AND INTERVIEWS

I. Purpose

The consumer observations are conducted to verify that the consumers appear to be healthy and have good hygiene. Interview questions focus on the consumers' satisfaction with their living situation, day program, work activities, health, choices, and regional center services.

II. Scope of Observations and Interviews

Fifty-nine of the sixty-nine consumers, or in the case of minors, their parents, were interviewed and/or observed at their day programs, employment sites, community care facilities, or in independent living settings.

- ✓ Thirty-two consumers agreed to be interviewed by the monitoring teams.
- ✓ Sixteen consumers did not communicate verbally or declined an interview, but were observed.
- ✓ Eleven interviews were conducted with parents of minors.
- ✓ Ten consumers were unavailable for or declined interviews.

III. Results of Observations and Interviews

All consumers and parents of minors interviewed indicated satisfaction with their living situation, day program, work activities, health, choices, and regional center services. The consumers' overall appearance reflected personal choice and individual style.

SECTION VI A

SERVICE COORDINATOR INTERVIEWS

I. Purpose

The interviews determine how well the service coordinators know their consumers, the extent of their participation in the individual program plan (IPP)/annual review process, and how they monitor services, health and safety issues.

II. Scope of Interviews

1. The monitoring team interviewed 14 Regional Center of Orange County (RCOC) service coordinators.
2. The interview questions are divided into two categories.
 - ✓ The questions in the first category are related to the consumers selected by the monitoring team.
 - ✓ The questions in the second category are related to general areas.

III. Results of Interviews

1. The service coordinators were very familiar with their respective consumers. They were able to relate specific details regarding the consumers' desires, preferences, life circumstances and service needs.
2. The service coordinators were knowledgeable about the IPP/annual review process and monitoring requirements. Service providers and family members provided input on the consumers' needs, preferences and satisfaction with services outlined in the IPP. For consumers in out-of-home placement settings, service coordinators conduct quarterly face-to-face visits and develop written assessments of consumer progress and satisfaction. In preparation for the quarterly visits, service coordinators review their previous progress reports, pertinent case notes, special incident reports, and vendor reports of progress.
3. To better understand issues related to consumers' use of medication and issues related to side effects, the service coordinators utilize RCOC's pharmacist and online resources for medication.

4. The service coordinators monitor the consumers' services, health and safety during periodic visits. They are aware of the consumers' health issues. The service coordinators are knowledgeable about the special incident reporting process and work with the vendors to ensure all special incidents are reported and appropriate follow-up activities are completed.

SECTION VI B

CLINICAL SERVICES INTERVIEW

I. Purpose

The clinical services interview is used to obtain supplemental information on how the regional center is organized to provide clinical support to consumers and service coordinators. This interview aids in determining what measures the regional center is utilizing to ensure the ongoing health and safety of all Home and Community-Based Services Waiver consumers.

II. Scope of Interview

1. The monitoring team interviewed Regional Center of Orange County's (RCOC) Medical Director.
2. The questions in the interview cover the following topics: routine monitoring of consumers with medical issues, medications, behavior plans, coordination of medical and mental health care for consumers, circumstances under which actions are initiated for medical or behavior issues, clinical supports available to assist service coordinators, improved access to preventive health care resources, and their role in the Risk Management Committee and the special incident report (SIR) process.

III. Results of Interview

The RCOC clinical team includes physicians, psychologists, board-certified behavior analysts, nurses, a speech and occupational therapist, a geneticist, and a pharmacist.

The clinical team monitors consumers with medical issues identified through SIRs or referrals from service coordinators. The clinical team performs assessments and completes health care plans for individuals with special health conditions. Nurses are also involved with level-of-care evaluations and discharge planning for consumers who have been hospitalized. Nurses are available to provide trainings at community care facilities when indicated. In addition, they also provide training to service coordinators, vendors and public school nurses. A physician and the geneticist attend medical rounds at UC Irvine Hospital to develop a collaborative relationship between the regional center and the hospital. Nurses and physicians also assist with end-of-life issues.

The team monitors consumers' medications through chart and individual case reviews. Medication reviews are also completed for consumers who have had a recent psychiatric hospitalization, medication-related SIRs, or a referral from service coordinators. RCOC provides a variety of supports for consumers who

live in independent living settings who have difficulty managing their medications. The pharmacist will review consumers' medications and make recommendations as necessary. When indicated, a referral will be made to UC Irvine for additional evaluation.

A board-certified behavior analyst reviews all behavior assessments and reports. Consumers' behavior plans are also reviewed in response to special incident reports, psychiatric hospitalizations, and requests by parents, vendors or service coordinators. Clinical staff are available to vendors and service coordinators to offer onsite consumer observations and staff training as needed. RCOC has a mental health resolution committee that reviews new referrals, ongoing cases and special incidents to coordinate care, and assists consumers with unresolved mental health issues.

The clinical team is available as a resource for service coordinators to discuss consumers' health or medication issues. Service coordinators have access to an online health resource guide, which contains information related to medical, dental, psychiatric conditions, and a list of community and generic resources. The clinical team also offers training on a variety of health-related topics throughout the year. Recent topics have included infectious disease, dental health, Down's syndrome, cerebral palsy, and end-of-life care.

RCOC has improved consumer access to preventative health care resources by providing:

- ✓ Benefits specialist;
- ✓ Dental coordination by an RCOC registered nurse;
- ✓ Collaborative relationships with community physicians, health care providers, hospitals and skilled nursing facilities;
- ✓ Relationship with Cal Optima (Orange County Medi-Cal Managed Care Program);
- ✓ Funding of psychiatric care when generic resources are unavailable;
- ✓ Relationship with California Children's Services;
- ✓ The pharmacist facilitates RCOC's "Healthy Life, Happy Life" program to encourage healthy eating and living habits for consumers;
- ✓ Collaboration with a local dental hygienist school to provide low-cost cleanings and exams;
- ✓ UC Irvine pediatric resident rotation at RCOC; and,
- ✓ Collaboration with Orange County Public Health Department.

The medical director participates in RCOC's Risk Management Committee. All medical, behavioral and psychiatric SIRs are reviewed and recommendations provided. All deaths are reviewed and any findings are reported to the Risk Management Committee. The regional center utilizes Mission Analytics Group, Inc., the State's risk management contractor, to analyze special incidents for trends and makes recommendations for appropriate follow-up and training, as needed.

SECTION VI C

QUALITY ASSURANCE INTERVIEW

I. Purpose

The informational interview with quality assurance (QA) staff ascertains how the regional center has organized itself to conduct Title 17 monitoring of community care facilities, two unannounced visits to CCFs, service provider training, verification of provider qualifications, resource development activities, and quality assurance among programs and providers where there is no regulatory requirement to conduct quality assurance monitoring.

II. Scope of Interview

The monitoring team interviewed a Quality Assurance Coordinator who is part of the team responsible for conducting Regional Center of Orange County's (RCOC) QA activities.

III. Results of Interview

1. Members of the QA team are assigned residential facilities where they conduct the annual Title 17 monitoring reviews. Each review utilizes standardized report forms and checklists based on Title 17 regulations. QA staff conducts unannounced annual reviews at each facility. Service coordinators are responsible for conducting one unannounced visit at the CCFs that are not on their respective caseloads.
2. Results of QA team reviews are submitted to the Living Options Coordinator who tracks facility visits and sends monthly reports to the unit supervisors. When issues of substantial inadequacies are identified, the QA staff is responsible for developing corrective action plans (CAP) and ensuring providers complete the CAP requirements. The QA team meets at least weekly to discuss any CAPs. The QA team maintains a database for all CAPs, which are reviewed by the QA supervisor.
3. RCOC's QA manager and special incident report (SIR) coordinator participate on the Risk Management Committee. The committee meets every other month to discuss compliance, consistency, and trends related to SIRs. Vital trends and important information are relayed to staff.
4. The SIR coordinator receives all SIRs and ensures the follow-up is completed. Service coordinators typically handle the follow-up activities. QA is responsible for the closing of any open or unresolved issues.

5. The resource development unit is responsible for verifying qualifications of providers. QA will visit a new provider prior to the completion of the vendorization process.

SECTION VII A

SERVICE PROVIDER INTERVIEWS

I. Purpose

The interviews determine how well the service provider knows the consumers; the extent of their assessment process for the individual program plan (IPP) development and/or review; the extent of their plan participation; how the plan was developed; how service providers ensure accurate documentation, communicate, address and monitor health issues; their preparedness for emergencies; and how they monitor safety and safeguard medications.

II. Scope of Interviews

1. The monitoring team interviewed 14 service providers at nine community care facilities and five day programs where services are provided to the consumers who were visited by the monitoring team.
2. The interview questions are divided into two categories.
 - ✓ The questions in the first category are related to sample consumers selected by the monitoring team.
 - ✓ The questions in the second category are related to general areas.

III. Results of Interviews

1. The service providers were familiar with the strengths, needs and preferences of their consumer.
2. The service providers indicated that they conducted assessments of the consumer, participated in their IPP development, provided the program-specific services addressed in the IPPs and attempted to foster the progress of their consumer.
3. The service providers monitored the consumer's health issues and safeguarded medications.
4. The service providers communicated with people involved in the consumer's life and monitored progress.
5. The service providers were prepared for emergencies, monitored the safety of the consumer, and understood special incident reporting and follow-up processes.

SECTION VII B

DIRECT SERVICE STAFF INTERVIEWS

I. Purpose

The interviews determine how well the direct service staff know the consumers and their understanding of the individual program plan (IPP) and service delivery requirements, how they communicate, their level of preparedness to address safety issues, their understanding of emergency preparedness, and their knowledge about safeguarding medications.

II. Scope of Interviews

1. The monitoring team interviewed thirteen direct service staff at eight community care facilities and five day programs where services are provided to the consumers who were visited by the monitoring team.
2. The interview questions are divided into two categories:
 - ✓ The questions in the first category are related to sample consumers selected by the monitoring team.
 - ✓ The questions in the second category are related to general areas.

III. Results of Interviews

1. The direct service staff were familiar with the strengths, needs and preferences of their consumer.
2. The direct service staff were knowledgeable about their roles and responsibilities for providing the services addressed in the consumer's IPP.
3. The direct service staff demonstrated that they understood the importance of communication with all individuals concerned with the consumer.
4. The direct service staff were prepared to address safety issues and emergencies and were familiar with special incident reporting requirements.
5. The direct service staff demonstrated an understanding about emergency preparedness.
6. The direct service staff were knowledgeable regarding safeguarding and assisting with self-administration of medications where applicable.

SECTION VIII

VENDOR STANDARDS REVIEW

I. Purpose

The review ensures that the selected community care facilities (CCF) and day programs are serving consumers in a safe, healthy and positive environment where their rights are respected. The review also ensures that CCFs are meeting the HCBS Waiver definition of a homelike setting.

II. Scope of Review

1. The monitoring teams reviewed a total of nine CCFs and five day programs.
2. The teams used a monitoring review checklist consisting of 23 criteria. The review criteria are used to assess the physical environment, health and safety, medications, services and staff, consumers' rights, and the handling of consumers' money.

III. Results of Review

All of the CCFs and the day programs were found to be in good condition with no immediate health and safety concerns. Specific findings and recommendations are detailed below.

IV. Finding and Recommendation

8.2.d Pro Re Nata (PRN) Medication Records

Finding

CCF #3 was not documenting the time and consumer's response to a PRN medication.

8.2.d Recommendation	Regional Center Plan/Response
RCOC should ensure CCF #3 properly documents all required PRN medication information.	By August 31, 2020, RCOC's Quality Assurance Coordinator will provide training/technical assistance to the vendor identified for consumer #3. Technical assistance will consist of training on maintaining PRN medication record requirements.

SECTION IX

SPECIAL INCIDENT REPORTING

I. Purpose

The review verifies that special incidents have been reported within the required timeframes, that documentation meets the requirements of Title 17, California Code of Regulations, and that the follow-up was complete.

II. Scope of Review

1. Special incident reporting of deaths by RCOC was reviewed by comparing deaths entered into the Client Master File for the review period with special incident reports (SIR) of deaths received by the Department of Developmental Services (DDS).
2. The records of the 69 consumers selected for the Home and Community-Based Services (HCBS) Waiver sample were reviewed to determine that all required special incidents were reported to DDS during the review period.
3. A supplemental sample of 10 consumers who had special incidents reported to DDS within the review period was assessed for timeliness of reporting and documentation of follow-up activities. The follow-up activities were assessed for being timely, appropriate to the situation, resulting in an outcome that ensures the consumer is protected from adverse consequences, and that risks are either minimized or eliminated.

III. Results of Review

1. RCOC reported all deaths during the review period to DDS.
2. RCOC reported all of the special incident reports in the sample of 69 records selected for the HCBS Waiver review to DDS.
3. RCOC's vendors reported eight of the ten (80 percent) incidents in the supplemental sample within the required timeframes.
4. RCOC reported all ten (100 percent) incidents to DDS within the required timeframes.
5. RCOC's follow-up activities on consumer incidents were appropriate for the severity of the situations for the ten incidents.

IV. Findings and Recommendations

Consumer #79: The incident occurred on March 14, 2019. However, the vendor did not submit a written report to RCOC until March 19, 2019.

Consumer #81: The incident occurred on June 4, 2018. However, the vendor did not submit a written report to RCOC until June 7, 2018.

Recommendation	Regional Center Plan/Response
RCOC should ensure that the vendors for consumers #79 and #81 report special incidents within the required timeframes.	By August 31, 2020, RCOC's Risk Management Manager will provide training/technical assistance to the vendors identified in the SIRs reported for consumers #79 and #81. Technical assistance will consist of training on SIR reporting requirements with a focus on reporting timelines.
