## EXECUTIVE HIGHLIGHTS

### OVERVIEW:

The Department of Developmental Services (DDS) provides 24/7 residential services to its residents at four Developmental Centers and one State-operated Community Facility. Additionally, DDS continues to move towards the closure of Lanterman Developmental Center (Lanterman) and the complete closure of Agnews Developmental Center (Agnews).

As a result of the on-going fiscal crisis in California over the last few years, the Department's budget has been reduced due to continuing and significant pressures on the General Fund (GF). The developmental center budget has continued to decline through closure of state-operated facilities, living unit consolidations, delays in infrastructure repairs, additional federal funding, an unallocated reduction, and through various cost saving personnel initiatives.

DDS projects a May Revision CY 2010-11 reduction of \$44.3 million (\$35.8 million GF) from the 2010-11 Enacted Budget. This reduction was due to workforce cap and contracts and administrative actions as well as an increase in retirement. Since November Estimate, the Developmental Centers' budget has taken the following reductions which will be used toward meeting the \$15 million GF unallocated reduction in BY:

• Staffing Adjustment	\$-3.3 TF	\$-1.4 GF
• OE&E Savings	\$-2.4 TF	\$-2.2 GF
<b>\$15 Million (GF Reduction)</b>	<b><u>\$-5.7 TF</u></b>	<b><u>\$-3.6 GF</u></b>

DDS also projects a reduction for May Revision BY 2011-12 of \$68.9 million (\$18.4 million GF) as compared to 2010-11 Enacted Budget. Since the November Estimate, the Developmental Centers budget has taken the following reductions; including the balance of the \$15 million GF unallocated reduction:

• Lanterman Staff Reduction	\$-2.1 TF	\$-1.2 GF
• Program Unit Consolidation	\$-13.3 TF	\$-6.8 GF
• OE&E Reduction	\$-6.6 TF	\$-5.2 GF
<b>Legislative Actions</b>	<b><u>\$-22.0 TF</u></b>	<b><u>\$-13.2 GF</u></b>
• Staffing Adjustments	\$-6.1 TF	\$-3.2 GF
• Agnews Closure	\$-3.5 TF	\$0 GF
• Porterville Suspension Cap	\$-5.1 TF	\$-5.1 GF

• OE&E Reduction	<u>\$-4.2 TF</u>	<u>\$-3.1 GF</u>
<b>\$15 Million (GF Reduction)</b>	<b><u>\$-19.0 TF</u></b>	<b><u>\$-11.4 GF</u></b>

### **NEW MAJOR ASSUMPTIONS**

The May Revision does not include a new major assumption for CY 2010-11.

*CY: No Change*

DDS proposes a new major assumption for BY 2011-12 which assumes suspension of admissions at Porterville Developmental Center (Porterville) Secured Treatment Program (STP) to achieve the Legislative Action of the \$15 million GF reduction. This new major assumption would create an estimated BY savings of \$5.1 million (\$5.1 million GF) and a decrease of 71.0 positions (41.0 LOC and 30.0 NLOC) by reducing the cap on total population of the STP at Porterville to 230 residents. The current cap on STP population is 297 residents.

*BY: -71.0 positions and -\$5.1 million (-\$5.1 million GF)*

### **REVISED MAJOR ASSUMPTIONS**

#### **Porterville Developmental Center (Porterville) Medicaid Certification (fund shift):**

The administration believed that the Department could achieve \$10 million in federal medical assistance participation (FMAP) and now per Legislative Action, this has been increased by an additional \$3 million. This revised major assumption increases the reimbursement authority in 2011-12 May Revise by \$3 million based on the assumption that the Center for Medicare and Medicaid Services (CMS) will certify the STP to receive FMAP.

*CY: No change*

*BY: -\$3 million General Fund and \$3 million reimbursements*

### **PROGRAM UPDATES**

#### **Staffing Adjustment:**

The DDS May Revision reflects a decrease of 9 residents as compared to the 2011-12 November Estimate (from 1,979 to 1,970) for CY. This decrease reflects an adjustment to projected population.

For BY, the May Revision reflects a decrease of 31 residents compared to the 2011-12 November Estimate (from 1,783 to 1,752). This projected overall decrease in DC population is due to the Porterville STP New Major Assumption that suspends admission to achieve Legislative Action; however, Lanterman DC population is expected to be higher than anticipated. This increase is primarily adjusting the budget year population to better project resident movement due to delayed approval of Lanterman closure.

Updated population used to determine staffing levels suggest decrease of \$3.3 million (\$1.4 million GF) in CY compared to the 2011-12 November Estimate. The proposed staffing level, based on population change for BY is a net decrease of 82.0 positions (73.0 LOC and 9 NLOC) and a decrease of \$6.1 million (\$3.2 million GF). The reduced funding will be used as a one-time savings to meet the \$15 million GF unallocated reduction in BY 2011-12.

*CY: -\$3.3 million (-\$1.4 million GF)*

*BY: -82.0 positions and -\$6.1 million (-\$3.2 million GF)*

**Lanterman Developmental Center Closure Update:**

This update reflects a reduction of 28.0 positions (10.0 LOC and 18.0 NLOC) due to Legislative Action. This reflects a \$2.1 million (\$1.2 million GF) reduction from the November Estimate request, which proposed the redirection of 88.0 positions (49.0 LOC and 39.0 NLOC) and \$15.0 million (\$6.6 million GF) for the closure-related staffing at Lanterman. The total remaining positions is 60.0 positions (39.0 LOC and 21.0 NLOC) and \$12.9 million (\$5.5 million GF).

*CY: No Change*

*BY: -28.0 positions and -\$2.1 million (-\$1.2 million GF)*

**Agnews Developmental Center Closure Update:**

This update reflects the elimination of the Primary Care Clinic and Warm Shut Down staffing at Agnews. The general fund reduction of \$2.8 million is applied to the DDS workforce cap and will be reduced through an executive order. The 30.5 positions and \$3.5 million in unmatched reimbursements are being removed from the Departments' budget.

*CY: No Change*

*BY: -30.5 positions and -\$3.5 million (\$0 GF)*

## **FUTURE FISCAL ISSUES**

### **United States Department of Justice (USDOJ) Civil Rights for Institutionalized Persons Act (CRIPA) Remedial Agreement**

Over a period of more than six years, the United States Department of Justice (USDOJ) has conducted investigations of Sonoma and Lanterman Developmental Centers and has issued findings pursuant to Civil Rights for Institutionalized Persons Act (CRIPA). DDS is engaged in settlement negotiations with the USDOJ to resolve the investigations.

**Assumptions/Methodology:**

Historical data indicates that more placements occur in the second half of the fiscal year due to resource development (new providers/beds) in the community. The average in-center population estimate is weighted to account for this factor.

**Revised Major Assumption**  
**Porterville Developmental Center (Porterville)**  
**Medicaid Certification**

**DESCRIPTION:**

This revised update increases the reimbursement authority in 2011-12 May Revise by \$3 million based on the assumption that the Center for Medicare and Medicaid Services (CMS) will certify the Secured Treatment Program (STP) to receive federal medical assistance participation (FMAP). Initially, the administration believed that the Department could achieve \$10 million in FMAP and now per Legislative Action, this has been increased by an additional \$3 million.

Porterville Developmental Center (Porterville) houses a secure treatment facility as well as a transition treatment program for 297 residents with developmental disabilities who have been judicially committed to a developmental center because of their behavior in the community and involvement with the criminal justice system. Although many are Medi-Cal eligible, the Department does not receive federal matching funds from the CMS for this STP due to lack of certification for this population and as a result the sole source of funding is the General Fund. The Department, is currently seeking certification for a new STP for approximately 96 residents. The certification of the new STP will save a total of \$13 million General Fund.

## Program Update Program and Unit Consolidation

### DESCRIPTION:

This program update represents program and unit consolidation as a result of Legislative action to streamline facilities due to projected reductions to effectuate savings in the Developmental Centers by \$22 million (Total Funds). Fairview, Lanterman, Porterville and Sonoma all took a one program reduction; in addition, Lanterman and Porterville had a two unit reduction while Fairview and Sonoma had a three unit reduction. A total of \$13.3 million of the \$22 million was achieved through Program and Unit Consolidation.

## Program Update

### Lanterman Developmental Center Closure Plan

#### DESCRIPTION:

With an emphasis on ensuring the health and safety of individuals, the closure of Lanterman will occur after the last resident transitions to his or her new living situation and only after services and supports are available. The Department continues to believe it can manage the closure of Lanterman within existing funding levels. The Department has provisional language in the Budget Act of 2010 that allows flexibility to move funding between items of appropriation within the Department's budget during the closure process.

The Department, working with the regional centers, now anticipates the transition of approximately 64 residents to community living arrangements during Fiscal Year 2010-11. The May Revision for 2011-12 continues to anticipate the transition of another 100 residents to community living arrangements in Fiscal Year 2011-12.

This update results in a change from 131 positions reduction and \$15 million (\$6.6 million GF) retention to revised reduction of 159 positions and \$12.9 million (\$5.5 million GF) retention. The updated developmental center budget retains 60 position (39 LOC and 21 NLOC). See charts on pages D-4.3 thru D-4.5 for additional details.

The closure of a DC is an extensive process of ensuring safe transitions for residents and staff, proper disposition of confidential documents and records and the maintenance and disposal of property and the land prior to the final sale or disposition of the property. Staffing needs have been identified in these areas as follows:

- **Level of Care:** The Department has committed to residents and families of LDC that a strategic planning effort will be implemented to reduce the overall number of moves any one resident may incur prior to leaving LDC. In order to meet this commitment and continue to ensure the health and safety of Lanterman residents, staff will be retained beyond staffing standards to provide direct nursing care. Through legislative actions, the Department has reduced the nursing need from 46 nursing positions to 36 nursing position.
- **Administration Transition and Closure Activities** was initially identified as a total of 14 NLOC positions to support each of the closure activities associated with administrative functions, however this update has incorporated legislative reductions which provides for a total of 5 NLOC position to provide overall coordination with RCs, community providers and developmental center staff; confidential records management; equipment inventory and disposition; resident property transfer; property maintenance and upkeep; and employee separations, including activities associated with retirements, layoffs or transfers of employees.
- **Resident Transition and Placement Support** activities to ensure a safe and smooth transition for each resident will require staffing for the RRD. To support these activities, the Department previously assumed a total of 24 NLOC positions and is updating LDC closure need to incorporate cost savings by reducing the number of positions to 16 NLOC positions to provide residents transitioning from a developmental center to the community.
- **State Staff in the Community:** The Department, in developing the November Estimate for the 2011-12 budget, assumed one position would support 39 employees working in community settings; however, legislative actions has eliminated the position with the belief that current staff retention may be sufficient to support the planning and administrative aspect of this program. The planning and administrative aspect will include coordination with RCs, provide negotiating and processing contract for services negotiation with employee unions and appropriate communication and coordination with staff participating or desiring to participate in the program.

The Department is also committed to the employees of LDC and will be providing support, training and assistance in locating new employment. It is expected, as occurred in the ADC closure, that there will be an increase in retirements, voluntary separations and potential lay offs all of which will result in costs related to cash outs and unemployment insurance.

It is expected in future fiscal assumptions and updates that the Primary Care Clinic, Warm Shutdown, and Community State Staff needs will grow as the closure process moves forward.

• <i>Operating Expense</i>			-1,098,000	124,000

**REASON FOR CHANGE:**

Due to changes based on updated population and Client Development Evaluation Report data for all facilities.

**FUNDING:**

The funding for staff expenditures is based on the estimated Medi-Cal eligibility of the residents in each facility. Federal Financial Participation is estimated using the federal medical assistance percentage rate provided by the Department of Health Care Services.

**New Major Assumption**

**Porterville Developmental Center: Suspend STP Admissions and  
Reduce Cap on Residential Population**

**DESCRIPTION:**

The Department of Developmental Services (Department) proposes in the 2011-12 May Revision the suspension of admissions at Porterville Developmental Center (Porterville), Secured Treatment Program (STP). The DDS assumes an estimated reduction for BY 2011-12 of \$5.1 million in general fund by reducing the cap on population to 230 residents in the STP at Porterville, which includes those residents receiving services in the Porterville DC transition treatment program. This new major assumption helps achieve the Legislative Action of \$15 million general fund reduction. The current cap on STP population is 297 residents.

## General Fund

### DESCRIPTION:

The General Fund is used for two purposes: 1) as a match to Title XIX Reimbursement funds received for payment of resources/services for Medi-Cal eligible residents (these funds are referred to as "General Fund Match") and 2) to pay for non-Medi-Cal eligible resources/services for residents in the developmental centers (DC) and the state-operated community facility (CF). These funds are referred to as "General Fund Other."

### ASSUMPTIONS/METHODOLOGY:

CY 2010-11

BY 2011-12

#### General Fund:

The DCs'/CF's General Fund appropriation consists of two components: (1) General Fund Match and (2) General Fund Other. Details of these components are as follows:

<b>• General Fund Match:</b>			<b>\$205,508,000</b>	<b>\$256,407,000</b>
General Fund Match to FMAP	<u>CY 2010-11</u>	<u>BY 2011-12</u>		
Non-Proposition 98	40.29%	50.00%	202,705,000	253,437,000
Proposition 98	40.29%	50.00%	2,552,000	2,719,000
HIPAA	50.00%	50.00%	251,000	251,000

This portion of General Fund is required as a match to Medi-Cal Reimbursements received from the Department of Health Care Services (DHCS). These Reimbursements are originally funded by the federal government and passed through DHCS (the federally recognized single state agency for Medicaid). The federal financial participation costs are established by utilizing the federal medical assistance percentages (FMAP) provided by DHCS.

<b>• General Fund Other</b>			<b>\$73,624,000</b>	<b>\$40,057,000</b>
This funding is for services provided to the DC/CF residents who are not eligible for federal or other reimbursement funding. Funding also includes \$7,097,000 for Lease-Revenue Bonds in current year and \$7,090,000 in budget year.			73,624,000	40,057,000

## Reimbursements Title XIX Medi-Cal and Other

**DESCRIPTION:**

Title XIX Medi-Cal Reimbursements are funds received for services provided to eligible residents in the developmental centers and the state-operated community facility (DC/CF). These funds require a General Fund match at the FMAP rate. Other Reimbursements are funds received for services provided to the DCs/CF residents who have no General Fund match requirements.

**ASSUMPTIONS/METHODOLOGY:**

CY 2010-11

BY 2011-12

**Reimbursements:**

The DCs'/CF's appropriation for reimbursements consists of two components: (1) Title XIX Medi-Cal and (2) Other Reimbursements. The detail of these two components follows:

• **Title XIX/Medi-Cal**

**\$296,872,000**

**\$254,044,000**

Title XIX Medi-Cal Reimbursements fund eligible services provided to residents in the DCs/CF system via the Department of Health Care Services (DHCS) (the federally recognized single state agency for Medicaid). The federal financial participation costs are established by utilizing the federal medical assistance percentages (FMAP) as provided by DHCS.
