

SSIP – PHASE II

DEPARTMENT OF DEVELOPMENTAL SERVICES

Improvement Plan

The plan must include:

- How stakeholders will be involved
- Methods to collect and analyze data on activities and outcomes
- How the State will use evaluation results to:
 - Examine the effectiveness of implementation
 - Measure progress toward achieving intended outcomes
 - Make modifications to the plan
 - How results will be disseminated

DEPARTMENT OF DEVELOPMENTAL SERVICES
SSIP Task Force

Evidence-Based Practice

Using the best available research (evidence) to make decisions and develop policies & procedures. This includes:

- Expert opinion
- Scientific evidence (data)
- Client patient caregiver perspectives

DEPARTMENT OF DEVELOPMENTAL SERVICES
SSIP Task Force

Evaluation of Activity

- ▶ Each activity must be evaluated on its own performance
- ▶ Each activity must be correlated to the final outcomes.
- ▶ Final Outcomes are depicted in the percentages reported for Indicator 3 Social Emotional, Summary Statement 1.

Evaluation Measures

- ▶ **Evaluation Questions**
- ▶ What will be measured?
 - How do we quantify the measurement?
- ▶ How will it be measured?
 - What tool will we use?
- ▶ Who will complete the measurement?
 - Specific staff, contractors, volunteers.

Reference Handbook
