EXECUTIVE SUMMARY

The Department of Developmental Services (DDS) and the Department of Health Care Services (DHCS) conducted the federal compliance monitoring review of the Home and Community-Based Services (HCBS) Waiver from January 8–19, 2018, at Tri-Counties Regional Center (TCRC). The monitoring team members were Kathy Benson (Team Leader), Linda Rhoades, Ray Harris, and Corbett Bray from DDS, and Annette Hanson and Raylyn Garrett from DHCS.

Purpose of the Review

DDS contracts with 21 private, non-profit corporations to operate regional centers, which are responsible under state law for coordinating, providing, arranging or purchasing all services needed for eligible individuals with developmental disabilities in California. All HCBS Waiver services are provided through this system. It is the responsibility of DDS to ensure, with the oversight of DHCS, that the HCBS Waiver is implemented by regional centers in accordance with Medicaid statute and regulations.

Overview of the HCBS Waiver Programmatic Compliance Monitoring Protocol

The compliance monitoring review protocol is comprised of sections/components designed to determine if the consumers' needs and program requirements are being met and that services are being provided in accordance with the consumers' individual program plans (IPP). Specific criteria have been developed for the review sections listed below that are derived from federal/state statutes and regulations and from the Centers for Medicare & Medicaid Services' directives and guidelines relating to the provision of HCBS Waiver services.

Scope of Review

The monitoring team reviewed a sample of 55 HCBS Waiver consumers. In addition, the following supplemental sample consumer records were reviewed: 1) three consumers whose HCBS Waiver eligibility had been previously terminated; 2) three consumers who moved from a developmental center, and 3) ten consumers who had special incidents reported to DDS during the review period of November 1, 2016 through October 31, 2017.

The monitoring team completed visits to three community care facilities (CCF) and 11 day programs. The team reviewed three CCF and 12 day program consumer records and interviewed and/or observed 30 selected sample consumers.

Overall Conclusion

TCRC is in substantial compliance with the federal requirements for the HCBS Waiver program. Specific recommendations that require follow-up actions by TCRC are included in the report findings. DDS is requesting documentation of follow-up actions taken by TCRC in response to each of the specific recommendations within 30 days following receipt of this report.

Major Findings

Section I – Regional Center Self-Assessment

The self-assessment responses indicated that TCRC has systems and procedures in place for implementing the state and HCBS Waiver requirements addressed in the self-assessment criteria.

Section II – Regional Center Consumer Record Review

Fifty-five sample consumer records were reviewed for 31 documentation requirements (criteria) derived from federal and state statutes and regulations and HCBS Waiver requirements. The sample records were 99 percent in overall compliance for this review.

TCRC's records were 99 percent and 98 percent in overall compliance for the collaborative reviews conducted in 2016 and in 2014, respectively.

Section III – Community Care Facility Consumer Record Review

Three consumer records were reviewed at three CCFs for 19 documentation requirements (criteria) derived from Title 17, California Code of Regulations. The sample records were 100 percent in overall compliance for the 19 criteria on this review.

TCRC's records were 100 percent in overall compliance for the collaborative reviews conducted in 2016 and in 2014.

Section IV – Day Program Consumer Record Review

Twelve consumer records were reviewed at 11 day programs for 17 documentation requirements (criteria) derived from Title 17, California Code of Regulations. The sample records were 98 percent in overall compliance for this review.

TCRC's records were 96 percent and 99 percent in overall compliance for the collaborative reviews conducted in 2016 and in 2014.

Section V – Consumer Observations and Interviews

Thirty sample consumers, or in the case of minors, their parents, were interviewed and/or observed at their CCFs, day programs, or in independent living settings. The monitoring team observed that all of the consumers were in good health and were treated with dignity and respect. All of the interviewed consumers/parents indicated that they were satisfied with their services, health and choices.

Section VI A – Service Coordinator Interviews

Eleven service coordinators were interviewed using a standard interview instrument. The service coordinators responded to questions regarding their knowledge of the consumer, the IPP/annual review process, the monitoring of services, health issues, and safety. The service coordinators were very familiar with the consumers and knowledgeable about their roles and responsibilities.

Section VI B – Clinical Services Interview

The Director of Clinical Services was interviewed using a standard interview instrument. He responded to questions regarding the monitoring of consumers with medical issues, medications, behavior plans, the coordination of medical and mental health care for consumers, clinical supports to assist service coordinators, and the clinical team's role in the Risk Management Committee and special incident reporting.

Section VI C – Quality Assurance Interview

A quality assurance specialist was interviewed using a standard interview instrument. He responded to questions regarding how TCRC is organized to conduct Title 17 monitoring reviews, verification of provider qualifications, resource development activities, special incident reporting, and QA activities where there is no regulatory requirement.

Section VII A – Service Provider Interviews

Nine service providers at three CCFs and six day programs were interviewed using a standard interview instrument. The service providers responded to questions regarding their knowledge of the consumer, the annual review process, and the monitoring of health issues, medication administration, progress, safety and emergency preparedness. The staff was familiar with the consumers and knowledgeable about their roles and responsibilities.

Section VII B – Direct Service Staff Interviews

Three CCF and five day program direct service staff were interviewed using a standard interview instrument. The direct service staff responded to questions regarding their knowledge of consumers, the IPP, communication, service delivery, procedures for safety, emergency preparedness, and medications. The staff were familiar with the consumers and knowledgeable about their roles and responsibilities.

Section VIII – Vendor Standards Review

The monitoring team reviewed three CCFs and five day programs utilizing a standard checklist with 23 criteria that are consistent with HCBS Waiver requirements. The reviewed vendors were in good repair with no immediate health or safety concerns observed.

Section IX – Special Incident Reporting

The monitoring team reviewed the records of the 55 HCBS Waiver consumers and 10 supplemental sample consumers for special incidents during the review period. TCRC reported all special incidents for the sample selected for the HCBS Waiver review. For the supplemental sample, the service providers reported 9 of the 10 incidents to TCRC within the required timeframes, and TCRC subsequently transmitted all 10 special incidents to DDS within the required timeframes. TCRC's follow-up activities for the 10 consumer incidents were timely and appropriate for the severity of the situation.

SECTION I

REGIONAL CENTER SELF-ASSESSMENT

I. Purpose

The regional center self-assessment addresses the California Home and Community-Based Services (HCBS) Waiver assurances criteria and is designed to provide information about the regional center's processes and practices. The responses are used to verify that the regional center has processes in place to ensure compliance with federal and state laws and regulations.

The self-assessment obtains information about Tri-Counties Regional Center's (TCRC) procedures and practices to verify that there are processes in place to ensure compliance with state and federal laws and regulations as well as the assurances contained in the HCBS Waiver application approved by the Centers for Medicare & Medicaid Services.

II. Scope of Assessment

TCRC is asked to respond to questions in four categories that correspond to the HCBS Waiver assurances with which the regional center is responsible for complying. The questions are shown at the end of this section.

III. Results of Assessment

The self-assessment responses indicate that TCRC has systems and procedures in place for implementing the state and HCBS Waiver requirements addressed in the self-assessment criteria.

✓ The full response to the self-assessment is available upon request.

Regional Center Self-Assessment HCBS Waiver Assurances	
HCBS Waiver Assurances	Regional Center Assurances
<p>State conducts level-of-care need determinations consistent with the need for institutionalization.</p>	<p>The regional center ensures that consumers meet ICF/DD, ICF/DD-H, or ICF/DD-N facility level-of-care requirements as a condition of initial and annual eligibility for the HCBS Waiver Program.</p> <p>Regional center ensures that the regional center staff responsible for certifying and recertifying consumers' HCBS Waiver eligibility meet the federal definition of a Qualified Mental Retardation Professional (QMRP).</p> <p>The regional center ensures that consumers are eligible for full-scope Medi-Cal benefits before enrolling them in the HCBS Waiver.</p>
<p>Necessary safeguards have been taken to protect the health and welfare of persons receiving HCBS Waiver Services.</p>	<p>The regional center takes action(s) to ensure consumers' rights are protected.</p> <p>The regional center takes action(s) to ensure that the consumers' health needs are addressed.</p> <p>The regional center ensures that behavior plans preserve the right of the consumer to be free from harm.</p> <p>The regional center maintains a Risk Management, Risk Assessment and Planning Committee.</p> <p>The regional center has developed and implemented a Risk Management/Mitigation Plan.</p> <p>Regional centers and local Community Care Licensing offices coordinate and collaborate in addressing issues involving licensing requirements and monitoring of CCFs pursuant to the MOU between DDS and Department of Social Services.</p> <p>The regional center has developed and implemented a quality assurance plan for Service Level 2, 3 and 4 community care facilities.</p> <p>The regional center reviews each community care facility annually to assure services are consistent with the program design and applicable laws and oversees development and implementation of corrective action plans as needed.</p> <p>The regional center conducts not less than two unannounced monitoring visits to each CCF annually.</p> <p>Service coordinators perform and document periodic reviews (at least annually) to ascertain progress toward achieving IPP objectives and the consumer's and the family's satisfaction with the IPP and its implementation.</p> <p>Service coordinators have quarterly face-to-face meetings with consumers in CCFs, family home agencies, supported living services, and independent living services to review services and progress toward achieving the IPP objectives for which the service provider is responsible.</p> <p>The regional center ensures that needed services and supports are in place when a consumer moves from a developmental center (DC) to a community living arrangement.</p>

Regional Center Self-Assessment HCBS Waiver Assurances	
HCBS Waiver Assurances	Regional Center Assurances
Necessary safeguards have been taken to protect the health and welfare of persons receiving HCBS Waiver Services (cont.)	Service coordinators provide enhanced case management to consumers who move from a DC by meeting with them face-to-face every 30 days for the first 90 days they reside in the community.
Only qualified providers serve HCBS Waiver participants.	The regional center ensures that all HCBS Waiver service providers have signed the "HCBS Provider Agreement Form" and meet the required qualifications at the time services are provided.
Plans of care are responsive to HCBS Waiver participant needs.	<p>The regional center ensures that all HCBS Waiver consumers are offered a choice between receiving services and living arrangements in an institutional or community setting.</p> <p>Regional centers ensure that planning for IPPs includes a comprehensive assessment and information gathering process which addresses the total needs of HCBS Waiver consumers and is completed at least once every three years at the time of his/her triennial IPP.</p> <p>The IPPs of HCBS Waiver consumers are reviewed at least annually by the planning team and modified, as necessary, in response to the consumers' changing needs, wants and health status.</p> <p>The regional center uses feedback from consumers, families and legal representatives to improve system performance.</p> <p>The regional center documents the manner by which consumers indicate choice and consent.</p>

SECTION II

REGIONAL CENTER CONSUMER RECORD REVIEW

I. Purpose

The review is based upon documentation criteria derived from federal/state statutes and regulations and from the Centers for Medicare & Medicaid Services' directives and guidelines relating to the provision of Home and Community-Based Services (HCBS) Waiver services. The criteria address requirements for eligibility, consumer choice, notification of proposed action and fair hearing rights, level of care, individual program plans (IPP) and periodic reviews and reevaluations of services. The information obtained about the consumer's needs and services is tracked as a part of the onsite program reviews.

II. Scope of Review

1. Fifty-five HCBS Waiver consumer records were selected for the review sample.

Living Arrangement	# of Consumers
Community Care Facility (CCF)	11
With Family	16
Independent or Supported Living Setting	28

2. The review period covered activity from November 1, 2016 through October 31, 2017.

III. Results of Review

The 55 sample consumer records were reviewed for 31 documentation requirements derived from federal and state statutes and regulations and HCBS Waiver requirements. Three supplemental records were reviewed solely for documentation that Tri-Counties Regional Center (TCRC) had either provided the consumer with written notification prior to termination of the consumer's HCBS Waiver eligibility or the consumer had voluntarily disenrolled from the HCBS Waiver. Additionally, three supplemental records were reviewed solely for documentation indicating that the consumer received face-to-face reviews every 30 days after moving from a developmental center for the first 90 days.

- ✓ The sample records were in 100 percent compliance for 22 criteria. There are no recommendations for these criteria.
- ✓ Findings for nine criteria are detailed below.

- ✓ A summary of the results of the review is shown in the table at the end of this section.

IV. Findings and Recommendations

- 2.2 Each record contains a dated and signed Medicaid Waiver Consumer Choice of Services/Living Arrangements form (DS 2200). [SMM 4442.7; 42 CFR 441.302(d)]

Findings

Fifty-one of the fifty-five (93 percent) sample consumer records contained a completed DS 2200 form. However, the records for consumers #12, #17, #43, and #44 did not contain a DS 2200 form. Subsequent to the monitoring review, a new DS 2200 form was completed for each consumer listed above. Accordingly, no recommendation is required.

- 2.5.a The consumer’s qualifying conditions and any special health care requirements used to meet the level-of-care requirements for care provided in ICF/DD, ICF/DD-H, or ICF/DD-N facilities are documented in the consumer’s Client Development Evaluation Report (CDER) and/or other assessments. (SMM 4442.5; 42 CFR 441.302(c); Title 22, CCR, §51343)

Finding

Fifty-four of the fifty-five (98 percent) consumer records had documented qualifying conditions. However, the record for consumer #33 identified “Arthropathy” that does not appear to represent a condition that can be used as a qualifying condition or a “substantial limitation” for the consumer as outlined in the March 2002 program advisory regarding level of care.

2.5.a Recommendation	Regional Center Plan/Response
TCRC should reevaluate the HCBS Waiver eligibility of consumer #33 to ensure that the consumer meets the level-of-care requirements. If the consumer does not have at least two qualifying conditions that meet the level-of-care requirements, the consumer’s HCBS Waiver eligibility should be terminated. If TCRC determines that the consumer remains eligible for the waiver, supporting documentation, such as an updated CDER and DS 3770, should be submitted with the response to this report.	TCRC has reevaluated the HCBS Waiver eligibility for individual #33 and has confirmed that the person served meets level-of-care requirements. The updated CDER is submitted with this report.

- 2.5.b The consumer's qualifying conditions documented in the CDER are consistent with information contained in the consumer's record.
 [SMM 4442.5; 42 CFR 441.302(c); Title 22, CCR, §51343]

Findings

Fifty-three of the fifty-five (96 percent) applicable consumer records documented level-of-care qualifying conditions that were consistent with information found elsewhere in the record. However, information contained in two consumer records (detailed below) did not support the determination that all of the issues identified in the CDER and DS 3770 could be considered qualifying conditions. Unless otherwise noted in the list below, the following were identified as qualifying conditions on the DS 3770, but there was no supporting information in the consumers' records (IPP, progress reports, vendor reports, etc.) that described the impact of the identified conditions or need for services and supports.

1. Consumer #27: "Eating with one utensil with some spillage" is listed as a qualifying condition.
2. Consumer #44: "Personal care" is listed as a qualifying condition. However, the IPP dated April 26, 2016, states "she completes personal care tasks independently."

2.5.b Recommendation	Regional Center Plan/Response
<p>TCRC should determine if the items listed above for consumers #27 and #44 are appropriately identified as qualifying conditions. The consumers' DS 3770 forms should be corrected to ensure that any items that do not represent substantial limitations in the consumers' ability to perform activities of daily living and/or participate in community activities are no longer identified as qualifying conditions. If TCRC determines that any of the issues above are correctly identified as qualifying conditions, documentation (updated IPPs, progress reports, etc.) that supports the original determinations should be submitted with the response to this report.</p>	<p>The CDER and 3770 have been updated to accurately reflect the qualifying conditions for individuals #27 and #44.</p>

- 2.9.a The IPP addresses the qualifying conditions identified in the CDER and Medicaid Waiver Eligibility Record (DS 3770). [W&I Code §4646.5(a)(2)]

Findings

Fifty-two of the fifty-five (95 percent) applicable sample consumer records contained IPPs that addressed the consumers' qualifying conditions. However, the IPPs for three consumers did not address supports for qualifying conditions identified in the record as indicated below:

1. Consumer #5: Services and supports for the consumer's need for assistance with "self-injurious behavior." Subsequent to the review period, a revised IPP was completed that addressed services and supports for assistance with outbursts. Accordingly, no recommendation is required;
2. Consumer #37: Services and supports for the consumer's need for assistance with "physical aggression." Subsequent to the review period, an IPP addendum was completed that addressed services and supports for physical aggression. Accordingly, no recommendation is required;
3. Consumer #50: Services and supports for the consumer's need for assistance with "outbursts." Subsequent to the review period, an IPP addendum was completed that addressed services and supports for assistance with outbursts. Accordingly, no recommendation is required;

- 2.9.d The IPP addresses the services which the day program provider is responsible for implementing. [W&I Code §4646.5(a)(2)]

Findings

Thirty of the thirty-two (94 percent) applicable sample consumer records contained IPPs that addressed the consumers' day program services. However, the IPPs for consumers #5 and #37 did not include the services which the day program provider is responsible for implementing. Subsequent to the review, TCRC completed IPP addendums for consumers #5 and #37 that included the required information. Accordingly, no recommendation is required.

2.10.a The IPP includes a schedule of the type and amount of all services and supports purchased by the regional center. [W&I Code §4646.5(a)(4)]

Finding

Fifty-four of the fifty-five (98 percent) sample consumer IPPs included a schedule of the type and amount of all services and supports purchased by TCRC. However, the IPP for consumer #16 did not indicate TCRC funded respite services. Subsequent to the monitoring review, TCRC completed an IPP addendum dated January 9, 2018, that included the support purchased by the regional center. Accordingly, no recommendation is required.

2.11 The IPP identifies the provider or providers of service responsible for implementing services, including, but not limited to, vendors, contracted providers, generic service agencies, and natural supports. [W&I Code §4646.5(a)(4)]

Finding

Fifty-four of the fifty-five (98 percent) sample consumer records contained IPPs that identified the provider or providers that are responsible for implementing services. However, the IPP for consumer #5 did not indicate the provider for transportation services to the day program. Subsequent to the monitoring review, TCRC completed an IPP addendum dated January 9, 2018, identifying the transportation service. Accordingly, no recommendation is required.

2.13.a Quarterly face-to-face meetings are completed for consumers living in community out-of-home settings, i.e., Service Level 2, 3 or 4 community care facilities, family home agencies or supported living and independent living settings. (Title 17, CCR, §56047; Title 17, CCR, §56095; Title 17, CCR, §58680; Contract requirement)

Findings

Thirty seven of the thirty-nine (95 percent) applicable sample consumer records had quarterly face-to-face meetings completed and documented. However, the records for two consumers did not meet the requirement as indicated below:

1. The record for consumer #1 contained documentation of only three of the required meetings.
2. The record for consumer #31 contained documentation of only two of the required meetings.

2.13.a Recommendations	Regional Center Plan/Response
TCRC should ensure that all future face-to-face meetings are completed and documented each quarter for consumers #1 and #31.	TCRC will ensure that all face-to-face meetings are documented quarterly for individuals #1 and #31.

2.13.b Quarterly reports of progress are completed for consumers living in community out-of-home settings, i.e., Service Level 2, 3 or 4 community care facilities, family home agencies or supported living and independent living settings. *(Title 17, CCR, §56047; Title 17, CCR, §56095; Title 17, CCR, §58680; Contract requirement)*

Findings

Thirty-seven of the thirty-nine (95 percent) applicable sample consumer records had quarterly reports of progress completed for consumers living in community out-of-home settings. However, the records for two consumers did not meet the requirement as indicated below:

1. The record for consumer #1 contained documentation of only three of the required quarterly reports of progress.
2. The record for consumer #31 contained documentation of only one of the required quarterly reports of progress.

2.13.b Recommendations	Regional Center Plan/Response
TCRC should ensure that future quarterly reports of progress are completed for consumers #1 and #31.	TCRC will ensure that reports of progress are completed quarterly for individuals #1 and #31.

Regional Center Consumer Record Review Summary						
Sample Size = 55 + 6 Supplemental Records						
	Criteria	+	-	N/A	% Met	Follow-up
2.0	The consumer is Medi-Cal eligible. (SMM 4442.1)	55			100	None
2.1	Each record contains a Medicaid Waiver Eligibility Record (DS 3770), signed by a Qualified Mental Retardation Professional (QMRP), which documents the date of the consumer's initial HCBS Waiver eligibility certification, annual recertifications, the consumer's qualifying conditions and short-term absences. [SMM 4442.1; 42 CFR 483.430(a)]	Criterion 2.1 consists of four sub-criteria (2.1.a-d) that are reviewed and rated independently.				
2.1.a	The DS 3770 is signed by a QMRP and the title "QMRP" appears after the person's signature.	55			100	None
2.1.b	The DS 3770 form identifies the consumer's qualifying conditions and any applicable special health care requirements for meeting the Title 22 level-of-care requirements.	55			100	None
2.1.c	The DS 3770 form documents annual recertifications.	54		1	100	None
2.1.d	The DS 3770 documents short-term absences of 120 days or less, if applicable.	4		51	100	None
2.2	Each record contains a dated and signed Medicaid Waiver Consumer Choice of Services/Living Arrangements form (DS 2200). [SMM 4442.7; 42 CFR 441.302(d)]	51	4		93	See Narrative
2.3	There is a written notification of a proposed action and documentation that the consumer has been sent written notice of their fair hearing rights whenever choice of living arrangements is not offered, services or choice of services are denied, the consumer/parent/legal guardian or legal representative does not agree with all, or part, of the components in the consumer's IPP, or the consumer's HCBS Waiver eligibility has been terminated. [SMM 4442.7; 42 CFR Part 431, Subpart E; W&I Code §4646(g)]	3		55	100	None

2.14	Face-to-face reviews are completed no less than once every 30 days for the first 90 days following the consumer's move from a developmental center to a community living arrangement. <i>(W&I Code §4418.3)</i>	3		55	100	None

SECTION III

COMMUNITY CARE FACILITY CONSUMER RECORD REVIEW

I. Purpose

The review addresses the requirements for community care facilities (CCF) to maintain consumer records and prepare written reports of consumer progress in relation to the services addressed in the individual program plan (IPP) for which the facility is responsible. The criteria are derived from Title 17, California Code of Regulations.

II. Scope of Review

Three consumer records were reviewed at three CCFs visited by the monitoring team. The facilities' consumer records were reviewed to determine compliance with 19 criteria.

III. Results of Review

The consumer records were 100 percent in compliance for the 19 criteria.

- ✓ A summary of the results of the review is shown in the table at the end of this section.

Community Care Facility Record Review Summary						
Sample Size: Consumers = 3; CCFs = 3						
	Criteria	+	-	N/A	% Met	Follow-up
3.1	An individual consumer file is maintained by the CCF that includes the documents and information specified in Title 17 and Title 22. <i>(Title 17, CCR, §56017(b); Title 17, CCR, §56059(b); Title 22, CCR, §80069)</i>	3			100	None
3.1.a	The consumer record contains a statement of ambulatory or nonambulatory status.	3			100	None
3.1.b	The consumer record contains known information related to any history of aggressive or dangerous behavior toward self or others.	3			100	None
3.1.c	The consumer record contains current health information that includes medical, dental and other health needs of the consumer, including annual visit dates, physicians' orders, medications, allergies, and other relevant information.	3			100	None
3.1.d	The consumer record contains current emergency information: family, physician, pharmacy, etc.	3			100	None
3.1.e	The consumer record contains a recent photograph and a physical description of the consumer.	3			100	None
3.1.i	Special safety and behavior needs are addressed.	3			100	None
3.2	The consumer record contains a written admission agreement completed for the consumer that includes the certifying statements specified in Title 17 and is signed by the consumer or his/her authorized representative, the regional center and the facility administrator. <i>[Title 17, CCR, §56019(c)(1)]</i>	3			100	None
3.3	The facility has a copy of the consumer's current IPP. <i>[Title 17, CCR, §56022(c)]</i>	3			100	None

Community Care Facility Record Review Summary						
Sample Size: Consumers = 3; CCFs = 3						
	Criteria	+	-	N/A	% Met	Follow-up
3.4.a	Service Level 2 and 3 facilities prepare and maintain written semiannual reports of consumer progress. <i>[Title 17, CCR, §56026(b)]</i>	2		1	100	None
3.4.b	Semiannual reports address and confirm the consumer's progress toward achieving each of the IPP objectives for which the facility is responsible.	2		1	100	None
3.5.a	Service Level 4 facilities prepare and maintain written quarterly reports of consumer progress. <i>[Title 17, CCR, §56026(c)]</i>	1		2	100	None
3.5.b	Quarterly reports address and confirm the consumer's progress toward achieving each of the IPP objectives for which the facility is responsible.	1		2	100	None
3.5.c	Quarterly reports include a summary of data collected. <i>(Title 17, CCR, §56013(d)(4); Title 17, CCR, §56026)</i>	1		2	100	None
3.6.a	The facility prepares and maintains ongoing, written consumer notes, as required by Title 17. <i>[Title 17, CCR, §56026(a)]</i>	3			100	None
3.6.b	The ongoing notes/information verify that behavior needs are being addressed.	3			100	None
3.7.a	Special incidents are reported to the regional center within 24 hours after learning of the occurrence of the special incident. <i>(Title 17, CCR, §54327)</i>	1		2	100	None
3.7.b	A written report of the special incident is submitted to the regional center within 48 hours after the occurrence of the special incident. <i>(Title 17, CCR, §54327)</i>	1		2	100	None
3.7.c	Follow-up activities were undertaken to prevent, reduce or mitigate future danger to the consumer. <i>(Title 17, CCR, §54327)</i>	1		2	100	None

SECTION IV

DAY PROGRAM CONSUMER RECORD REVIEW

I. Purpose

The review criteria address the requirements for day programs to maintain consumer records and prepare written reports of consumer progress in relation to the services addressed in the individual program plan (IPP) that the day program provider is responsible for implementing. The criteria are derived from Title 17, California Code of Regulations.

II. Scope of Review

Twelve consumer records were reviewed at 11 day programs visited by the monitoring team. The records were reviewed to determine compliance with 17 criteria.

III. Results of Review

The consumer records were 100 percent in compliance for 16 criteria.

- ✓ A summary of the results of the review is shown in the table at the end of this section.
- ✓ A finding for one criterion is detailed below.

IV. Finding and Recommendation

- 4.4.a The day program prepares and maintains written semiannual reports of the consumer's performance and progress. *[Title 17, CCR, §56720(c)]*

Finding

Eleven of the twelve (92 percent) sample consumer records contained written semiannual reports of consumer progress. However, the record for consumer #3 at day program #3 contained only one of the required progress reports.

4.4.a Recommendations	Regional Center Plan/Response
TCRC should ensure that day program provider #3 prepare written semiannual reports of consumer progress.	TCRC will ensure that day program provider #3 prepares written semiannual reports of the individual's progress.

Day Program Record Review Summary						
Sample Size: Consumers = 12; Day Programs = 11						
	Criteria	+	-	N/A	% Met	Follow-up
4.1	An individual consumer file is maintained by the day program that includes the documents and information specified in Title 17. (Title 17, CCR, §56730)	12			100	None
4.1.a	The consumer record contains current emergency and personal identification information including the consumer's address, telephone number; names and telephone numbers of residential care provider, relatives, and/or guardian or conservator; physician name(s) and telephone number(s); pharmacy name, address and telephone number; and health plan, if appropriate.	12			100	None
4.1.b	The consumer record contains current health information that includes current medications; known allergies; medical disabilities; infectious, contagious, or communicable conditions; special nutritional needs; and immunization records.	12			100	None
4.1.c	The consumer record contains any medical, psychological, and social evaluations identifying the consumer's abilities and functioning level, provided by the regional center.	12			100	None
4.1.d	The consumer record contains an authorization for emergency medical treatment signed by the consumer and/or the authorized consumer representative.	12			100	None
4.1.e	The consumer record contains documentation that the consumer and/or the authorized consumer representative has been informed of his/her personal rights.	12			100	None
4.1.f	Data is collected that measures consumer progress in relation to the services addressed in the IPP, which the day program provider is responsible for implementing.	12			100	None
4.1.g	The consumer record contains up-to-date case notes reflecting important events or information not documented elsewhere.	12			100	None

Day Program Record Review Summary						
Sample Size: Consumers = 12; Day Programs = 11						
	Criteria	+	-	N/A	% Met	Follow-up
4.1.h	The consumer record contains documentation that special safety and behavior needs are being addressed.	4		8	100	None
4.2	The day program has a copy of the consumer's current IPP. <i>[Title 17, CCR, §56720(b)]</i>	12			100	None
4.3.a	The day program provider develops, maintains, and modifies, as necessary, documentation regarding the manner in which it implements the services addressed in the IPP. <i>[Title 17, CCR, §56720(a)]</i>	12			100	None
4.3.b	The day program's individual service plan or other program documentation is consistent with the services addressed in the consumer's IPP.	12			100	None
4.4.a	The day program prepares and maintains written semiannual reports. <i>[Title 17, CCR, §56720(c)]</i>	11	1		92	See Narrative
4.4.b	Semiannual reports address the consumer's performance and progress relating to the services, which the day program is responsible for implementing.	11		1	100	None
4.5.a	Special incidents are reported to the regional center within 24 hours after learning of the occurrence of the special incident. <i>(Title 17, CCR, §54327)</i>	1		11	100	None
4.5.b	A written report of the special incident is submitted to the regional center within 48 hours after the occurrence of the special incident. <i>(Title 17, CCR, §54327)</i>	1		11	100	None
4.5.c	There is appropriate follow-up to special incidents to resolve the issue and eliminate or mitigate future risk. <i>(Title 17, CCR, §54327)</i>	1		11	100	None

SECTION V

CONSUMER OBSERVATIONS AND INTERVIEWS

I. Purpose

The consumer observations are conducted to verify that the consumers appear to be healthy and have good hygiene. Interview questions focus on the consumers' satisfaction with their living situation, day program, and work activities, health, choices, and regional center services.

II. Scope of Observations and Interviews

Thirty of the fifty-five consumers, or in the case of minors, their parents, were interviewed and/or observed at their day programs, employment sites, community care facilities (CCF), or in independent living settings.

- ✓ Eighteen consumers agreed to be interviewed by the monitoring teams.
- ✓ Six consumers did not communicate verbally or declined an interview, but were observed.
- ✓ Six interviews were conducted with parents of minors.
- ✓ Twenty-five consumers were unavailable for or declined interviews.

III. Results of Observations and Interviews

All consumers and parents of minors interviewed indicated satisfaction with their living situation, day program, work activities, health, choices, and regional center services. The consumers' overall appearance reflected personal choice and individual style.

SECTION VI A

SERVICE COORDINATOR INTERVIEWS

I. Purpose

The interviews determine how well the service coordinators know their consumers, the extent of their participation in the individual program plan (IPP)/annual review process, and how they monitor services, health and safety issues.

II. Scope of Interviews

1. The monitoring team interviewed 11 Tri-Counties Regional Center (TCRC) service coordinators.
2. The interview questions are divided into two categories.
 - ✓ The questions in the first category are related to the consumers selected by the monitoring team.
 - ✓ The questions in the second category are related to general areas.

III. Results of Interviews

1. The service coordinators were very familiar with their respective consumers. They were able to relate specific details regarding the consumers' desires, preferences, life circumstances and service needs.
2. The service coordinators were knowledgeable about the IPP/annual review process and monitoring requirements. Service providers and family members provided input on the consumers' needs, preferences and satisfaction with services outlined in the IPP. For consumers in out-of-home placement settings, service coordinators conduct quarterly face-to-face visits and develop written assessments of consumer progress and satisfaction. In preparation for the quarterly visits, service coordinators review their previous progress reports, pertinent case notes, special incident reports, and vendor reports of progress.
3. To better understand issues related to consumers' use of medication and issues related to side effects, the service coordinators utilize TCRC's medical director and online resources for medication.

4. The service coordinators monitor the consumers' services, health and safety during periodic visits. They are aware of the consumers' health issues. The service coordinators were knowledgeable about the special incident reporting process and work with the vendors to ensure all special incidents are reported and appropriate follow-up activities are completed.

SECTION VI B

CLINICAL SERVICES INTERVIEW

I. Purpose

The clinical services interview is used to obtain supplemental information on how the regional center is organized to provide clinical support to consumers and service coordinators. This interview aids in determining what measures the regional center is utilizing to ensure the ongoing health and safety of all Home and Community-Based Services Waiver consumers.

II. Scope of Interview

1. The interview questions cover the following topics: routine monitoring of consumers with medical issues; medications; behavior plans; coordination of medical and mental health care for consumers; circumstances under which actions are initiated for medical or behavior issues; clinical supports to assist service coordinators; improved access to preventive health care resources; role in the Risk Management Committee and special incident reports (SIR).
2. The monitoring team received information from the Director of Clinical Services at Tri-Counties Regional Center (TCRC).

III. Results of Interview

1. The TCRC clinical team consists of physicians, psychologists, a psychopharmacologist, psychiatrists, an autism coordinator, and a registered nurse.
2. The TCRC service coordinators are instrumental in identifying and requesting support and/or review of potential medical issues from the clinical team. These issues can be presented at weekly planning team meetings, or the service coordinator can request individual appointments. The clinical team is also available to assist service providers regarding consumer medical issues or concerns. When needed, members of the clinical team are available to collaborate with the consumers' physician.
3. Consumers' medications are reviewed during the annual review by the service coordinators. The clinical team is available for medication issues, and will assess, evaluate and make referrals as needed. In addition, the psychopharmacologist plays an active role in monitoring consumer medications. This includes medication review, onsite visits for observation and evaluation, active consultation with the prescribing physicians (including psychiatrists), and attending physician appointments when requested.

4. Behavior plans are reviewed quarterly by a psychologist. The service coordinators can contact the clinical team regarding consumers' behavioral needs. The psychologist is available to do on-site visits with families and providers regarding behavior issues when requested.
5. When service coordinators identify mental health issues, they are able to utilize the services of the team psychologist. Meetings are conducted between the regional center and county mental health to assist in coordinating psychological, psychiatric and counseling services. The regional center provides psychiatric clinics that offer evaluation and treatment for consumers with unmet psychiatric needs. The psychiatrist is also available to conduct emergency onsite assessments.
6. The clinical team provides training to staff, providers, community agencies and/or partners on a variety of topics, such as mental illness, dual diagnosis, and health issues specific to persons with developmental disabilities, relaxation/meditation, diabetes, crisis intervention, first responder training, and autism. In addition, the psychopharmacologist provides medication training to residential providers, staff and family members. Clinical team members are also involved in new employee orientation training.
7. TCRC has taken a proactive role in advocating for prevention, education, resource development, and medical treatments for consumers. These efforts include, but are not limited to:
 - ✓ Clinician Referral Guidelines and Checklist – This tool assists service coordinators to screen for possible polypharmacy issues;
 - ✓ Multi-disciplinary intake evaluations;
 - ✓ Participation in health and wellness conferences;
 - ✓ The autism coordinator organizing classes for parents; and,
 - ✓ Collaborating with community physicians to assist with autism diagnosis.
8. A psychologist and a nurse participate on the Risk Management Committee, and a physician is also available as needed. Medical and mental health SIRs are reviewed as requested by service coordinators or the SIR coordinator. A clinical team physician reviews all deaths and participates on the morbidity and mortality review committee. The regional center utilizes Mission Analytics Group, Inc., the State's risk management contractor, to analyze special incidents for trends. The clinical team uses this information to make recommendations for appropriate follow-up and training as needed.

SECTION VI C

QUALITY ASSURANCE INTERVIEW

I. Purpose

The interview with quality assurance (QA) staff ascertains how the regional center has organized itself to conduct Title 17 monitoring of community care facilities (CCF), two unannounced visits to CCFs, and service provider training. The interview also inquires about verification of provider qualifications, resource development activities, and QA among programs and providers where there is no regulatory requirement to conduct QA monitoring.

II. Scope of Interview

The monitoring team interviewed a quality assurance specialist who is part of the team responsible for conducting Tri-Counties Regional Center's (TCRC) QA activities.

III. Results of Interview

1. TCRC conducts one comprehensive annual Title 17 monitoring review and two unannounced visits to CCFs per year. Members of the QA team are assigned residential facilities, and they invite other TCRC staff on these monitoring reviews. Each review utilizes standardized report forms and checklists based on Title 17 regulations. The scope of activities includes a review of records, medications, consumer funds, first aid certificates, and a safety walk-through. In addition, staff monitors day programs, independent living, supported living agencies and special incident reports.
2. Results of QA team reviews are tracked and reviewed by QA management. When issues of substantial inadequacies are identified, the QA staff is responsible for developing corrective action plans (CAP) and ensuring providers complete the CAP requirements. The QA team meets weekly to discuss any CAPs. The QA team maintains a database for all CAPs, which are reviewed by the QA supervisor.
3. TCRC's Community Development Director, QA supervisor, lead QA, and special incident report (SIR) coordinator participate on the Risk Management Committee. The committee meets every other month to discuss any compliance, consistency, and trends related to SIRs. TCRC's Information Systems department generates reports, and important information are relayed to staff. The QA supervisor receives all SIRs and ensures that follow-up is completed. The QA staff collaborates with the service coordinators to handle the follow-up activities. QA is responsible for the closing of any open or unresolved issues.

4. The resource development unit is responsible for verifying qualifications of providers. In addition, they provide training and technical assistance. QA will visit a new provider prior to the completion of the vendorization process.

SECTION VII A

SERVICE PROVIDER INTERVIEWS

I. Purpose

The interviews determine how well the service provider knows the consumers; the extent of their assessment process for the individual program plan (IPP) development and/or review; the extent of their plan participation; how the plan was developed; how service providers ensure accurate documentation, communicate, address and monitor health issues; their preparedness for emergencies; and how they monitor safety and safeguard medications.

II. Scope of Interviews

1. The monitoring team interviewed nine service providers at three community care facilities (CCF) and six day programs where services are provided to the consumers that were visited by the monitoring team.
2. The interview questions are divided into two categories.
 - ✓ The questions in the first category are related to sample consumers selected by the monitoring team.
 - ✓ The questions in the second category are related to general areas.

III. Results of Interviews

1. The service providers were familiar with the strengths, needs and preferences of their consumer.
2. The service providers indicated that they conducted assessments of the consumer, participated in their IPP development, provided the program-specific services addressed in the IPPs and attempted to foster the progress of their consumer.
3. The service providers monitored the consumer's health issues and safeguarded medications.
4. The service providers communicated with people involved in the consumer's life and monitored progress.
5. The service providers were prepared for emergencies, monitored the safety of the consumer, and understood special incident reporting and follow-up processes.

SECTION VII B

DIRECT SERVICE STAFF INTERVIEWS

I. Purpose

The interviews determine how well the direct service staff know the consumers and their understanding of the individual program plan (IPP) and service delivery requirements, how they communicate, their level of preparedness to address safety issues, their understanding of emergency preparedness, and their knowledge about safeguarding medications.

II. Scope of Interviews

1. The monitoring team interviewed eight direct service staff at three community care facilities (CCF) and five day programs where services are provided to the consumer that was visited by the monitoring team.
2. The interview questions are divided into two categories:
 - ✓ The questions in the first category are related to sample consumers selected by the monitoring team.
 - ✓ The questions in the second category are related to general areas.

III. Results of Interviews

1. The direct service staff were familiar with the strengths, needs and preferences of their consumer.
2. The direct service staff were knowledgeable about their roles and responsibilities for providing the services addressed in the consumer's IPP.
3. The direct service staff demonstrated that they understood the importance of communication with all individuals concerned with the consumer.
4. The direct service staff were prepared to address safety issues and emergencies and were familiar with special incident reporting requirements.
5. The direct service staff demonstrated an understanding about emergency preparedness.
6. The direct service staff were knowledgeable regarding safeguarding and assisting with self-administration of medications where applicable.

SECTION VIII

VENDOR STANDARDS REVIEW

I. Purpose

The review ensures that the selected community care facilities (CCF) and day programs are serving consumers in a safe, healthy and positive environment where their rights are respected. The review also ensures that CCFs are meeting the Home and Community-Based Services (HCBS) Waiver definition of a homelike setting.

II. Scope of Review

1. The monitoring teams reviewed a total of three CCFs and five day programs.
2. The teams used a monitoring review checklist consisting of 24 criteria. The review criteria are used to assess the physical environment, health and safety, medications, services and staff, consumers' rights, and the handling of consumers' money.

III. Results of Review

All of the CCFs and the day programs were found to be in good condition with no immediate health and safety concerns. Specific findings and recommendations are detailed below.

IV. Findings and Recommendations

8.2.c Non-PRN (pro re nata) Medication Records

At CCF #2, it was noted that on January 17, 2018, (day of the onsite visit), consumer #5 did not receive his morning dose of Metformin. The administrator contacted the pharmacist and the consumer's doctor and received instructions on when to administer the missed dose.

8.2.c Recommendation	Regional Center Plan/Response
TCRC should ensure that consumers at CCF #2 receive medication as ordered.	TCRC QA will provide technical assistance on medication administration to CCF #2 to ensure those served receive their medications as prescribed.

8.5.c Statement of Rights

CCF #1 did not have a statement of rights posted.

8.5.c Recommendation	Regional Center Plan/Response
TCRC should ensure that the provider at CCF #1 posts a statement of rights.	TCRC will ensure the provider at CCF #1 posts a statement of rights where it is readily accessible to the residents of the home.

SECTION IX

SPECIAL INCIDENT REPORTING

I. Purpose

The review verifies that special incidents have been reported within the required timeframes, that documentation meets the requirements of Title 17, California Code of Regulations, and that the follow-up was complete.

II. Scope of Review

1. Special incident reporting of deaths by Tri-Counties Regional Center (TCRC) was reviewed by comparing deaths entered into the Client Master File for the review period with special incident reports (SIR) of deaths received by the Department of Developmental Services (DDS).
2. The records of the 55 consumers selected for the Home and Community-Based Services (HCBS) Waiver sample were reviewed to determine that all required special incidents were reported to DDS during the review period.
3. A supplemental sample of 10 consumers who had special incidents reported to DDS within the review period was assessed for timeliness of reporting and documentation of follow-up activities. The follow-up activities were assessed for being timely, appropriate to the situation, resulting in an outcome that ensures the consumer is protected from adverse consequences, and that risks are either minimized or eliminated.

III. Results of Review

1. TCRC reported all deaths during the review period to DDS.
2. TCRC reported all special incidents in the sample of 55 records selected for the HCBS Waiver review to DDS.
3. TCRC's vendors reported 9 of the 10 (90 percent) applicable incidents in the supplemental sample within the required timeframes.
4. TCRC reported all 10 (100 percent) incidents to DDS within the required timeframes.
5. TCRC's follow-up activities on consumer incidents were appropriate for the severity of the situations for the 10 incidents.

IV. Finding and Recommendation

Consumer #SIR 5: The incident occurred on October 20, 2017. However, the vendor did not submit a written report to TCRC until October 23, 2017.

Recommendation	Regional Center Plan/Response
TCRC should ensure that the vendor for consumer #SIR 5 reports special incidents within the required timeframes.	TCRC QA will provide technical assistance to the vendor of person served #SIR 5 to ensure special incidents are reported within the required timeframes.
