

DEPARTMENT OF DEVELOPMENTAL SERVICES

**CRISIS INTERVENTION
FOR PERSONS WITH DEVELOPMENTAL DISABILITIES**

REPORT TO THE LEGISLATURE

MAY 2002

Department of Developmental Services
1600 9th Street, Room 240
Sacramento, CA 95814

California Health and Human Services Agency
State of California

**Crisis Intervention for Persons With Developmental Disabilities
Senate Bill 1038 (Thompson), Chapter 1043, Statutes 1998
Welfare and Institutions Code 4696.1, (f) (1)(2)(3).**

SENATE BILL 1038 (THOMPSON) CHAPTER 1043, STATUTES 1998, WELFARE AND INSTITUTIONS CODE 4696.1, (F) (1)(2)(3) REQUIRES:

By May 15 of each year, the Department of Developmental Services (Department) shall provide all of the following information to the Legislature:

1. The status of the memorandums of understanding developed jointly by each regional center and the county mental health agency and identify any barriers to meeting the outcomes specified in this section.
2. The availability of mobile crisis intervention services, including generic services, by regional center catchment area, including the names of vendors and rates paid.
3. A description of each regional center's funded emergency housing options, including the names and types of vendors, the number of beds and rates, including, but not limited to, crisis emergency group homes, crisis beds in a regular group home, crisis foster homes, motel or hotel or psychiatric facility beds, and whether each emergency housing options serves minors or adults and whether it is physically accessible.

Summary of Memorandum of Understanding (MOU) Status Between County Mental Health Agencies and Regional Centers in California

Senate Bill (SB) 1038 (Thompson), Chapter 1043, Statutes 1998, Welfare and Institutions Code 4696.1, (f)(1)(2)(3) required each regional center and county mental health agency to develop an MOU for improved cooperative efforts regarding regional center consumers requiring mental health service. As of March 2002, fifty-four counties have completed MOUs. Table 1, Pending Agreements, depicts the counties in which MOUs are pending completion. Two areas of concern continue to be the cause for delays in completion of the MOUs: (1) the responsibility for payment for administration days for dually-diagnosed consumers, and (2) the recommended frequency of visits by regional center staff to persons with developmental disabilities hospitalized in acute, inpatient health hospitals.

In order to facilitate finalization of the MOUs, the Department of Developmental Services has initiated the following activities:

- \$ Convene and staff a quarterly interagency task force to develop strategies for successful implementation of SB 1038.
- \$ Sponsor training, in conjunction with the Department of Mental Health and the Mental Health Task Force, which fosters collaboration between the regional centers and the county mental health systems. One crisis facility development meeting has been held and another Mental Health Summit is currently under development. These trainings are designed to provide a forum for directors, supervisors, and clinical staff to not only receive training on providing mental health services to persons with developmental disabilities, but to also establish the relationships necessary for successful implementation of MOUs.
- \$ Provide technical assistance as requested by the regional centers.
- \$ Awarded regional centers and their collaborative county mental health agencies close to one million dollars in grants to address critical needs for persons with dual diagnosis.
- \$ Meet with the Department of Mental Health to discuss progress and necessary collaborative activities to promote continuity of care for persons with dual diagnosis.

Other barriers in providing services and supports in the community are:

- Lack of qualified administrators to manage the specialized facilities;
- Difficulties in finding affordable housing and property to develop facilities; and
- Shortages of psychiatrists willing to accept the Medi-Cal reimbursement rate and provide treatment to this specialized population.

TABLE 1

Mental Health Agencies and Regional Centers in California**

County	Regional Center
Alameda	Regional Center of the East Bay
Contra Costa	Regional Center of the East Bay
Marin	Golden Gate Regional Center
San Mateo	Golden Gate Regional Center

Note: The other 54 counties have MOUs in place

Mobile Crisis Intervention Services and Emergency Housing Options of the Regional Centers

Welfare and Institutions Code section 4648(a) (10) states “In order to achieve the stated objectives of a consumer’s individual program plan, the regional center shall conduct activities including, but not limited to, all of the following:

Emergency and crisis intervention services, including, but not limited to, mental health services and behavior modification services, may be provided, as needed, to maintain persons with developmental disabilities in the living arrangement of their own choice. Crisis services shall first be provided without disrupting a person’s living arrangement. If crisis intervention services are unsuccessful, emergency housing shall be available in the person’s home community. If dislocation cannot be avoided, every effort shall be made to return the person to his or her living arrangement of choice, with all necessary supports, as soon as possible.

Mobile Crisis Intervention Services Section provides information on the availability of mobile crisis intervention services, including generic services, by regional center catchment area, including the names of vendors and rates paid.

Funded Emergency Housing Options Section provides a description of each regional center’s funded emergency housing options, including the names and types of vendors, the number of beds and rates, including, but not limited to, crisis emergency group homes, crisis beds in a regular group home, crisis foster homes, motel or hotel or psychiatric facility beds, and whether each emergency housing option serves minors or adults and whether it is physically accessible.

Mobile Crisis Intervention Services

Vendor Name	Generic Service	Rate Paid
Alta California Regional Center		
Turning Point	No	\$2,291.19/mo. rate for wrap-around service includes support and crisis intervention services, 24 hours per day for identified consumers.

<p>NLACRC has staff on call 24 hours per day to provide guidance in crisis situations. During a mental health emergency, NLACRC staff may advise a consumer, family member, or service provider to contact one of the crisis teams listed above. Emergency response is provided by these generic agencies in the community and via Los Angeles County Mental Health. 24-hour emergency on-call assistance and support services are provided for consumers who receive supported living, family home agency and foster family home services. Many independent living service providers have a 24-hour on-call system, by choice, although it is not a requirement. In addition, 1:1 behavioral support services may be authorized in an emergency situation when a consumer requires additional support in order to prevent a move to a more restrictive environment or to protect the consumer or others.</p>

NLACRC frequently utilizes residential vendors that have vacancies when there is a crisis situation and emergency housing is necessary. Additional staffing is provided through Program Support Services, if necessary, to meet the individual needs of the consumers. Independent Living providers have also been utilized to secure a motel room for a consumer, and then ILS services are funded to provide additional support.
