January 28, 2017 Meeting Recap

- ▶ Welcome and introductions
 - ▶ Updates from the Department
 - ▶ A family member shared his transition experience
 - ▶ Review of home types
 - ▶ Review of the transition process
 - ▶ Updates from the regional centers - homes and community based programs in their areas
 - ▶ Questions & Answers
- ❖ Providers were available around the room for one-on-one discussions and to answer questions

Specialized Residential Facility (SRF)

- Provides 24 hour supervision and direct care support to ensure the consumers' health, safety and well-being. In addition, this facility type provides the staffing necessary to meet scheduled or unpredictable needs in a way that promotes maximum dignity and independence.

Adult Residential Facility for Persons with Special Health Care Needs (ARFPSHN)

- ▶ Provide 24-hour health care and intensive support services in a homelike setting, licensed by Community Care Licensing, certified by DDS, and vendored by Regional Centers (also known as 962/853 homes)

Enhanced Behavioral Support Homes (EBSH)

- ▶ These homes provide non-medical care for individuals who require enhanced behavioral supports, staffing and supervision in a homelike setting
- ▶ They also have enhanced monitoring by regional center case managers, regional center behavior professionals, and DDS
- ▶ Additional enhancements include more staffing and staff training

Supported Living Services (SLS)

- ▶ Broad range of services selected through the IPP process
- ▶ Individuals can live in a home they own, or rent/lease in the community
- ▶ Offers flexibility with the changing needs of the individual and is provided as long as needed to maintain a safe, stable and independent life

Additional Residential Options

- ▶ **Intermediate Care Facilities (ICF-DD/H, ICF-DD/N and ICF-DD/CN)**
 - ▶ Provides 24-hour personal care, developmental services, and varying degrees of nursing supervision based on the type of ICF and the needs of the residents
- ▶ **Community Crisis Homes (CCH)**
 - ▶ A facility certified as an adult residential facility, providing 24-hour non-medical care to individuals in need of crisis intervention services
- ▶ **Delayed Egress/Secured Perimeter Homes**
 - ▶ Limited authority now exists for residential facilities to be equipped with both delayed egress devices and secured perimeter fences
 - ▶ These safety features are carefully designed for individuals who, due to difficult-to-manage behaviors or a lack of hazard awareness and impulse control, would pose a risk of harm to themselves or others. The addition of a secured perimeter ensures that individuals are supervised when they wish to go outside the property limits
- ▶ **Adult Family Homes and Family Teaching Homes**
 - ▶ Individuals reside with a family and share in the interaction and responsibilities of being part of a family.
 - ▶ A SDC staff member is pursuing this option for a SDC resident

Questions?

- ▶ Your regional center service coordinator (sometimes called case managers or DC liaisons) are ready and willing to explain the different types of homes and living arrangements available
 - ▶ Not all living options are appropriate for all individuals
 - ▶ Start the conversation now with your RC to determine what's best for your loved one
 - ▶ Your RC can help you meet potential providers and see homes
- ▶ Don't know who your regional center service coordinator is? The Sonoma Regional Project can help.
 - ▶ Call (707) 938-6518 or email Kimberly.Garcia@Sonoma.dds.ca.gov
