Spring 2012

Performance Report for Eastern Los Angeles Regional Center

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve consumers and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about your regional center.

Last year, at Eastern Los Angeles Regional Center (ELARC) we served about 9,200 consumers. The charts on page 2 tell you about the consumers we serve. You'll also see how well we are doing in meeting our goals and in fulfilling our contract with DDS.

At ELARC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. As you can see in this report, we did well in nearly all areas in comparison to the state averages. We are committed to exceeding in all areas of the Performance Contract.

Our pledge is to institute operational measures that will make our partnership of greater value to you...our community of families/consumers and vendors. The Performance Contract involves those outcome areas that reflect our commitment to public policies regarding services to individuals with disabilities. We encourage you to be involved in the Performance Contract Process with us by participating in our annual public meeting or sending us your ideas and comments via mail, e-mail, or telephone. Specific information regarding the dates, times, and locations for public meetings is available at our website at www.elarc.org

We hope this report helps you learn more about ELARC. If you have any questions or comments, please contact us!
