Addendum to 2016 Performance Contract:

NBRC PERFORMANCE CONTRACT MEASURES RELATED TO REDUCING DISPARITIES AND IMPROVING EQUITY

Number and percent of individuals, by ethnicity, who are satisfied with the services and supports received by the family and family member Current NCI data identifies that per survey:

- Child Family Survey: 63% of respondents are satisfied
- Adult Family Survey: 70% of respondents are satisfied
- Family Guardian Survey: 87% of respondents are satisfied

NBRC will analyze data sorted by ethnicity to identify areas where disparity exits regarding satisfaction with services. NBRC Service Coordinators will complete trainings in cultural competency including Culture and Communication, and Understanding Culture; language support needs will be identified to ensure effective translation and interpretation of service planning including expansion of bi-lingual vendors. NBRC will use data related to satisfaction to identify and develop targeted resource and support needs in the community.

Number and percent of families, by ethnicity, who report that services have made a difference in helping to keep their family member at home.

Current NCI data identifies that per survey:

- Child Family Survey: 83% report services have made a difference
- Adult Family Survey: 75% report services have made a difference

NBRC will analyze data sorted by ethnicity to identify areas where disparity exits regarding service needs. NBRC will use data to identify and develop resource and support needs in the community and coordinate with Family Resource Centers to advocate for increased access to community resources.
