Spring 2014

Performance Report for Regional Center of the East Bay

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve consumers and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about your regional center.

Last year, at Regional Center of the East Bay (RCEB) we served about 16,400 consumers. The charts on page 2 tell you about the consumers we serve. You'll also see how well we are doing in meeting our goals and in fulfilling our contract with DDS.

At RCEB, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. As you can see in this report, we did well in all areas. But, we still need to improve in decreasing the number of consumers residing in development centers, and continue improving the currency rates and intake timelines.

The percentage of RCEB children and adult consumers residing in out of home placement is slightly higher than the state average. However, as reflected by our improved performance in this area supporting consumers in their own homes remains our priority. In addition to decreasing the number of consumers residing in developmental centers, RCEB is committed to continue making every effort to maintain the currency rates of IPPs and meeting/exceeding Intake and Assessment timelines.

We hope this report helps you learn more about RCEB. If you have any questions or comments, please contact us!

AGE OF RCEB CONSUMERS

ETHNICITY OF RCEB CONSUMERS

How well is RCEB performing?

This chart tells you about 5 areas where DDS wants each regional center to keep improving.

The first column tells you how RCEB was doing at the beginning of 2013. And, the second column shows how RCEB was doing at the end of 2013.

To see how RCEB compares to the other regional centers in the state, compare the numbers to the state averages (in the shaded columns).

Regional Center Goals (based on Lanterman Act)	December 2012		December 2013	
	State Average	RCEB	State Average	RCEB
Less consumers live in developmental centers	0.63%	1.15%	0.51%	1.02%
More children live with families	98.87%	98.31%	98.98%	98.46%
More adults live in home settings*	75.68%	73.70%	76.49%	73.94%
Less children live in large facilities (more than 6 people)	0.08%	0.01%	0.07%	0.01%
Less adults live in large facilities (more than 6 people)	3.31%	3.43%	3.12%	3.24%

* Home settings include: independent living, supported living, Adult Family Home Agency homes, and consumers' family homes.

What about other performance areas?

In the future, we will measure how well we are doing in other areas, including:

- Increasing the number of consumers who work,
- Getting better pay for consumers who work,
- Making sure consumers get medical and dental services, and
- Meeting Intake/Assessment and IFSP timelines for children 0–3.
