**Performance Report for San Diego Regional Center**

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve consumers and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about your regional center.

Last year, at San Diego Regional Center (SDRC) we served about 18,600 consumers. The charts on page 2 tell you about the consumers we serve. You'll also see how well we are doing in meeting our goals and in fulfilling our contract with DDS.

At SDRC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. As you can see in this report, we did well in all areas that were measured.

We hope this report helps you learn more about SDRC. If you have any questions or comments, please contact us!
