

Vendor name	Kern Adult Program
Vendor number(s)	HK0455
Primary regional center	Kern Regional Center
Service type(s)	Day Program
Service code(s)	515
Number of consumers currently serving	120
Please describe your person-centered approach ¹ in the concept development process; how did you involve the individuals for whom you provide services?	Community coordination and integration is essential in developing person centered plans, individualized activities, along with scheduling and transportation.
Does the concept address unmet service needs or service disparities? If so, how?	Yes The concept focused on outcomes that promote individuality, participation, quality of life such as safety, accessibility to information and services.
Barriers to compliance with the HCBS rules and/or project implementation	Current barriers: Lack of vital resources and support to facilitate transition. Infrastructure to efficiently support and monitor the exercises of personal choice on a continuous basis Wheelchair lift van
Narrative/description of the project. Identify which HCBS federal requirements are currently out of compliance; include justification for funding request	HCBS federal requirements #1 are not currently met due to limited availability of needed transportation. Access to activities in community settings will increase. Clients will be able to increase friendships outside of day program and with people in the community. A wheelchair lift van will be provided for the clients that are unable to be out in the community because they are unable to left themselves onto our regular vans.
Estimated budget; identify all major costs and benchmarks —	Wheelchair lift van \$50000.00

¹ A person-centered approach emphasizes what is important to the individual who receives services and focuses on personal preferences, satisfaction, and choice of supports in accessing the full benefits of community living.
