

Home and Community-Based Services (HCBS) Rules CONCEPT PROPOSAL

Enclosure C

Existing regional center vendors may receive funding to make changes to service settings and/or programs to help them come into compliance with the HCBS rules. To be considered for funding, vendors must complete and submit this form and the Provider Compliance Evaluation form by October 1, 2016, to the regional center with which it has primary vendorization.

This form may not exceed three pages and must be kept in Arial 12-point font. The narrative should link to the federal requirement that is not being met. The Provider Compliance Evaluation should guide the narrative. The results of the Evaluation should be clearly laid out in the narrative. Additionally, the narrative should describe how the funding would achieve compliance. Concept proposals should be developed with a person-centered approach, with proposed changes/activities focused on the needs and preferences of those who receive services. The estimated budget and timeline need not be detailed at this point but must include all major costs and benchmarks.

More information on the HCBS rules and this form can be found at:

<http://www.dds.ca.gov/HCBS/>

Vendor and vendor number	HP5122
Primary regional center	San Gabriel Valley Pomona
Service type and code	Adult Development Center/Center Based 510
Number of consumers currently serving	29
Barriers to compliance with the HCBS rules and/or project implementation	Not having an accessible wheelchair vehicle has been a barrier to fully integrate our consumers into the community. Not having an accessible wheelchair vehicle has reduced the amount of time that we spend out in the community and increases the risk of an injury for our consumers and staff when using a vehicle that is not wheelchair accessible. Not having an accessible wheelchair vehicle has minimized the quality of opportunities, choices and integration services that we offer our consumers attending our program. By having an accessible wheelchair vehicle we can offer better services of opportunity, choices and full community integration and our program will be in compliance.
Narrative/description of the project. Identify which HCBS federal requirements are currently out of compliance; include justification for funding request	By granting estimated budget of \$50,000.00 we can purchase a van that is accessible for non-ambulatory consumers and we will be in compliance with Federal Requirement #1. With this grant we will be able to give our consumers the opportunity to full integration into our community.
Estimated budget; identify all major costs and benchmarks—	\$50,000.00
