

CREATIVE CORNER

SHARING YOUR INNOVATIVE STORIES

COVID-19 has shown us all unique challenges. With new challenges, comes the opportunity to step up and think creatively of ways to continue doing what is important to you. Whether it's providing services remotely or hosting classes online, we don't want your hard work to go unnoticed. Tell us how you are continuing to provide support to our consumers, families, providers, staff and communities. We are excited to share your talent and creativity. Visit the [Creative Corner](#) section on the DDS website for more information.
