

**Jereth - My quarterly
update 6-25-2020**

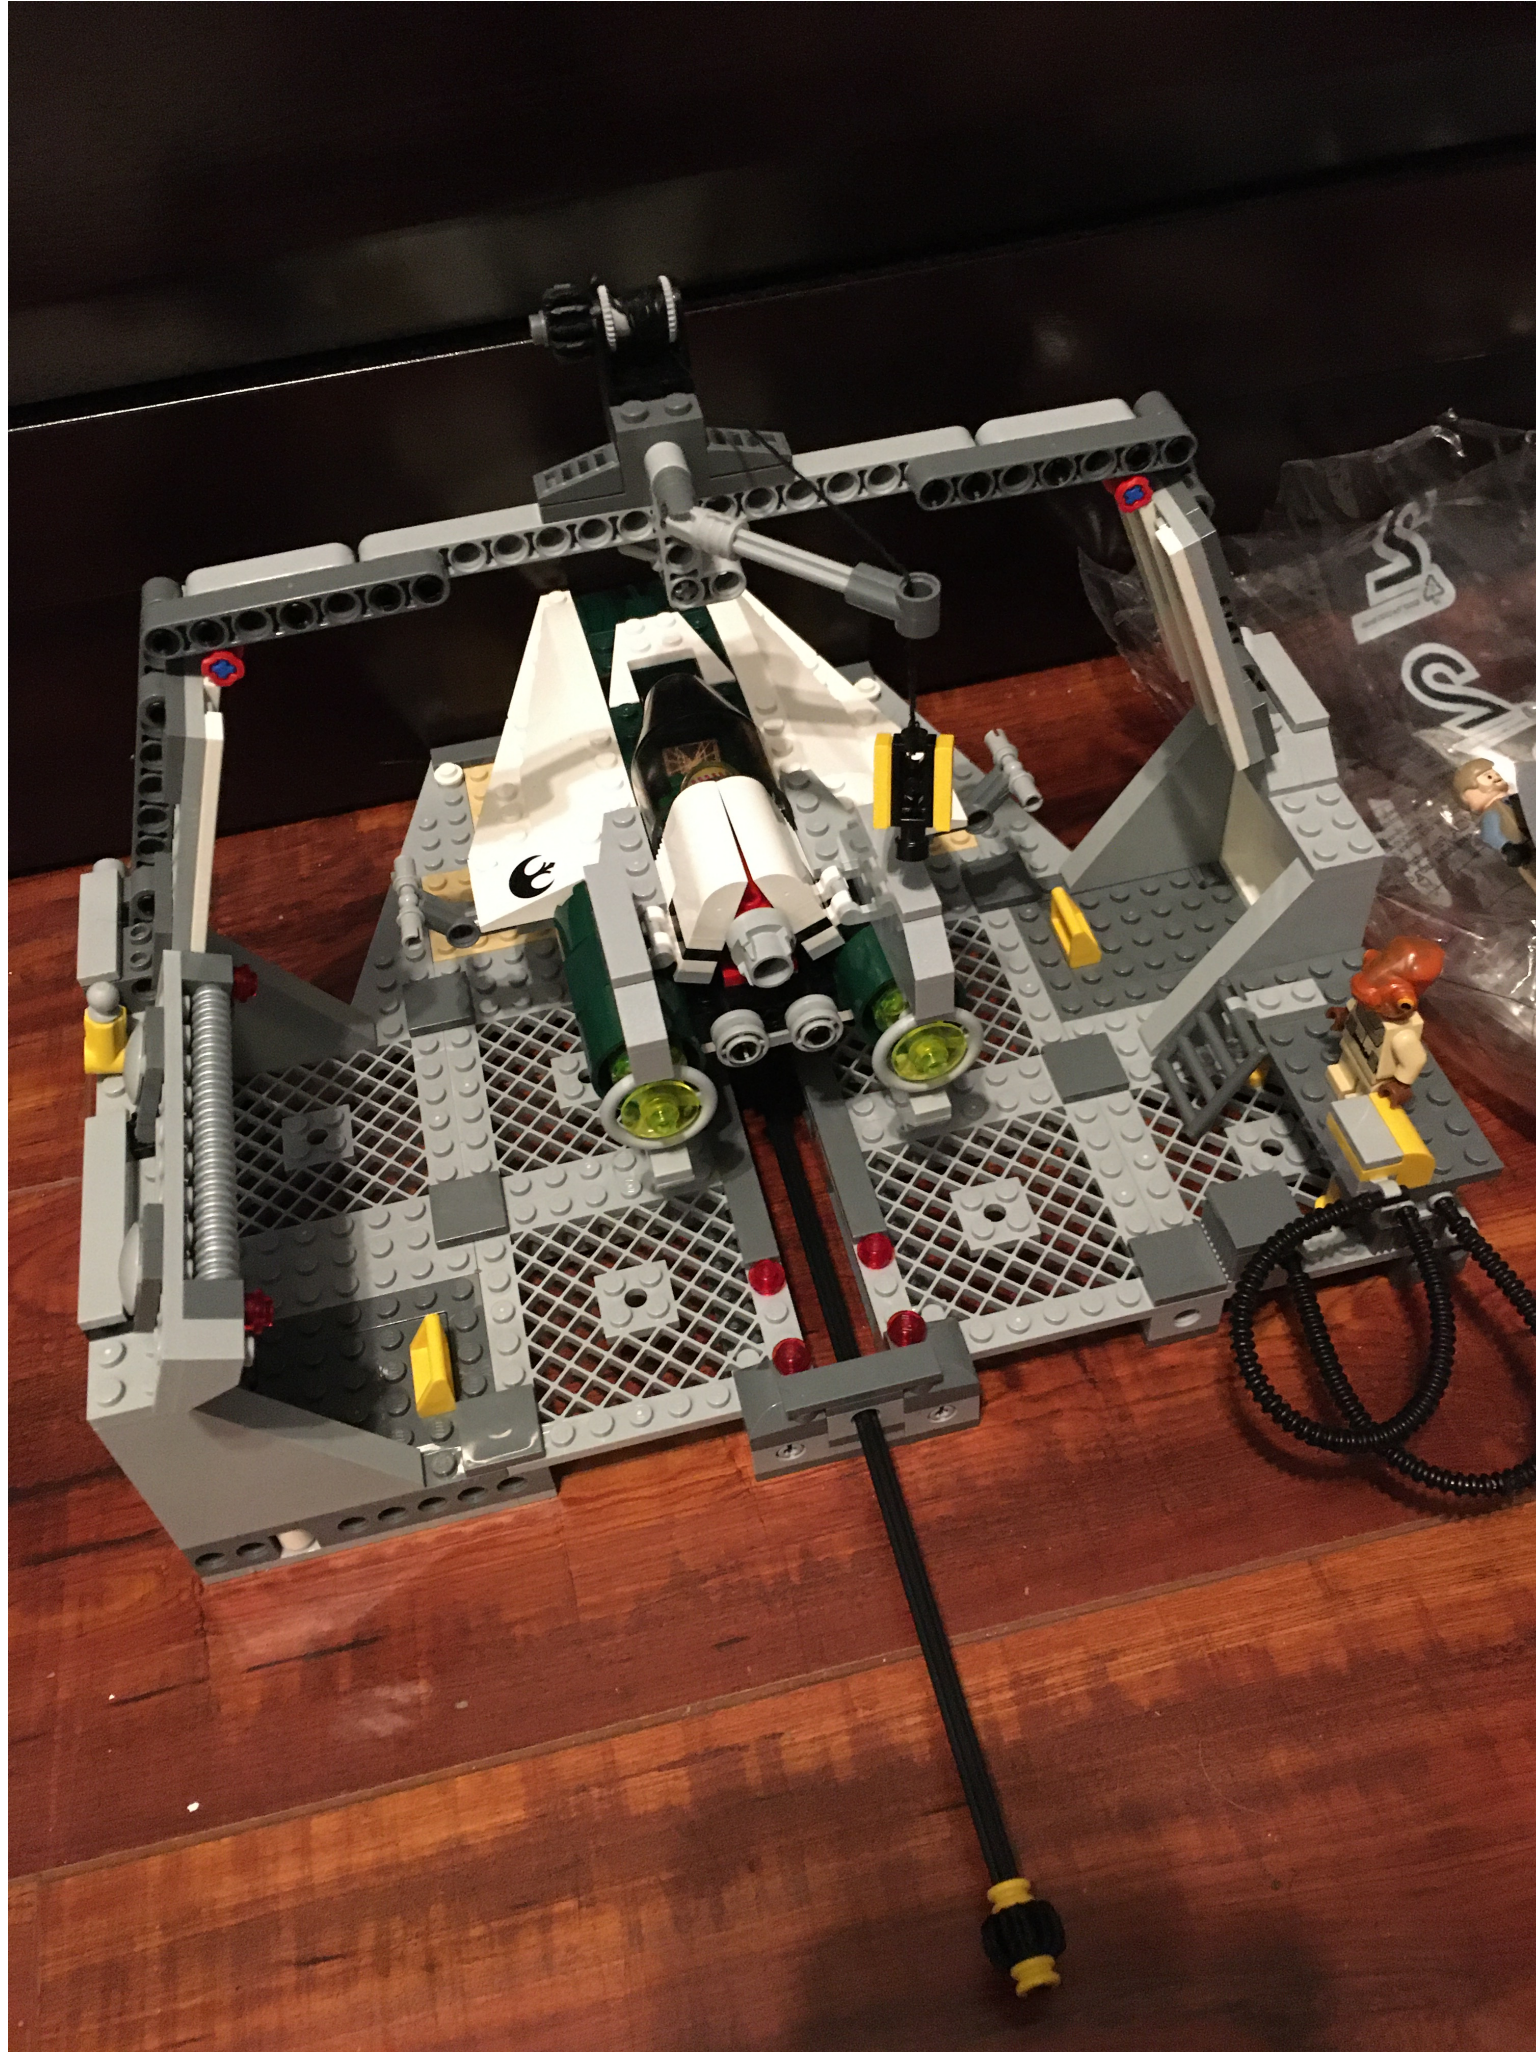

Yup, I'm still working at Target (half shifts almost every day!)

The Movie Theater is still closed, but they contacted me to ask if I would still like to work there when they re-open, and I said YES.

What I've learned to do since COVID-19

- I've been using a mask at work and when in outside my home. I also use heavy duty gloves at work and wash my hands when I get off work and get home.
- Like everyone else, I do social distancing
- I've learned that I need to check with my roommate before inviting visitors over.
- I continue to work at an essential job, and I've learned how to do my job safely and responsibly

Some of the things I've been using my hard earned dollars on:

Lego Sets

A NEW BED!!!!

Disneyland is just postponed their re-entry date. I called them to make sure they would extend my annual pass since they have been closed

Oh yeah....

- I have a new girlfriend
