Spring 2020

Performance Report for Harbor Regional Center

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve people with developmental disabilities and their families. And, every year DDS looks at how well the regional centers are doing. The Department of Developmental Services established goals for all regional centers, to continuously improve outcomes for the people we serve. These goals are listed as Public Policy Outcomes in our annual Performance Plan.

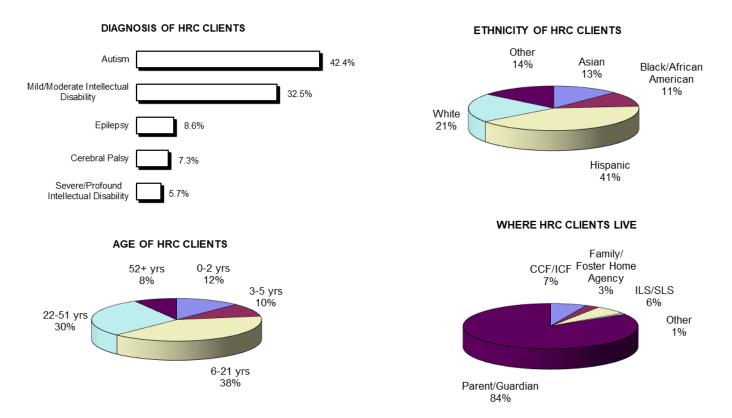

Last year, at Harbor Regional Center (HRC) we served about 14,590 clients. The charts on page two tell you about the clients we serve. You'll also see how well we are doing in meeting the DDS goals.

At HRC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. The charts that follow show some of these key areas in which Harbor Regional Center has continued to improve outcomes for the people we serve.

To see the complete Performance Plan go to: www.harborrc.org
Or contact Nancy Spiegel at (310) 543-0658.

Who uses HRC?

These charts tell you about who HRC clients are and where they live.

How well is HRC performing?

This chart tells you about five areas where DDS wants each regional center to keep improving.

The first column tells you how HRC was doing at the end of 2018, and the second column shows how HRC was doing at the end of 2019.

To see how HRC compares to the other regional centers in the state, compare the

numbers to the state averages (in the shaded columns).

| Regional Center Goals | Decemb | per 2018 | December 2019 | | |
|--|------------------|----------|------------------|--------|--|
| (based on Lanterman Act) | State Average | HRC | State Average | HRC | |
| Fewer clients live in developmental centers | 0.12% | 0.06% | 0.08% | 0.03% | |
| More children live with families | 99.38% | 99.84% | 99.44% | 99.86% | |
| More adults live in home settings* | 80.20% | 83.38% | 80.84% | 83.70% | |
| Fewer children live in large facilities (more than 6 people) | 0.04% | 0.00% | 0.04% | 0.00% | |
| Fewer adults live in large facilities (more than 6 people) | 2.31% | 1.05% | 2.15% | 0.81% | |

Notes: 1) Clients can be included in more than one diagnosis category. 2) Residence Types: CCF/ICF is Community Care Facility/Intermediate Care Facility; ILS/SLS is Independent Living Services/Supported Living Services. 3) Home settings include independent living, supported living, Adult Family Home Agency homes, and clients' family homes. 4) Green text indicates the RC remained the same or improved from the previous year, red indicates the RC did not improve.

Summary Performance Report for Harbor Regional Center, Spring 2020

Did HRC meet DDS standards?

Read below to see how well HRC did in meeting DDS compliance standards:

| Areas Measured | Last Period | Current Period |
|---|-------------|----------------|
| Passes independent audit | Yes | Yes |
| Passes DDS audit | Yes | Yes |
| Audits vendors as required | Met | Met |
| Didn't overspend operations budget | Yes | Yes |
| Participates in the federal waiver | Yes | Yes |
| CDERs and ESRs are updated as required (CDER is the Client Development Evaluation Report and ESR is the Early Start Report. Both contain information about clients, including diagnosis). | 95.96% | 96.40% |
| Intake/Assessment timelines for clients age 3 or older met | 100% | 100% |
| IPP (Individual Program Plan) requirements met | 99.57% | 99.85% |
| IFSP (Individualized Family Service Plan) requirements met | 87.9% | 86.4% |

Notes: 1) The federal waiver refers to the Medicaid Home and Community-Based Services Waiver program that allows California to offer services not otherwise available through the Medi-Cal program to serve people (including individuals with developmental disabilities) in their own homes and communities. 2) The CDER and ESR currency percentages were weighted based on the RC's Status 1 and Status 2 caseloads to arrive at a composite score. 3) The IFSP calculation methodology was changed from composite to average in order to more accurately reflect the RC's performance by only including children reviewed during monitoring and not all Early Start clients.

How well is HRC doing at getting clients working?

The chart below shows how well HRC is performing on increasing client employment performance compared to their prior performance and statewide average:

| Areas Me | and the state of | Time Period | | | | | | | |

| the fiscal year for the following amounts: | \$1,000 | 29 | 48 | 43 | 43 | | | | |

To obtain these statistics, DDS provided the EDD with client data, and the EDD matched that information to their database and returned individual-specific wage data including employment locations, business name and type. DDS then analyzed the data for accuracy and only reported to regional centers the information deemed most accurate.

^{*}The Cornell University 2018 Disability Status Report was not available at the time that this report was finalized.

How well is HRC doing at reducing disparities and improving equity?

These tables show you how well the regional center is doing at providing services equally for all clients.
