

California Department of Developmental Services presents **A Person-Centered Approach to Risk** Strategies for Handling Risk in a Person-Centered Way

The California Department of Developmental Services, in partnership with Support Development Associates, is offering a series of virtual trainings on person-centered thinking and practices.

These trainings will be held via webinar, will help assure that key stakeholders, including individuals and their families, providers, and regional center staff are knowledgeable of, and understand the principles and application of person-centered thinking, practices and service planning.

A Person-Centered Approach to Risk

This training will provide information on risk and how to approach this topic in a person-centered way, giving participants tools to address this balance including defining risk, providing supportive environments, encouraging smart decision making, and identifying some options for person-centered approaches to risk.

Tuesday, January 12, 2021

10:00 AM - 12:00 PM

Thursday, January 14, 2021

1:00 PM - 3:00 PM

Follow this link to register and participate in the live webinar at the specified date and time above:

https://us02web.zoom.us/meeting/register/tZlvdmvpjovEtz5ThiEKjIOcTV_rS4Rx832

Anyone interested in learning about strategies for handling risk in a person-centered way is welcome to register and attend the training at no cost to training participants. Both trainings will be covering the same information, so participants should only register for one training to preserve seats for others. There is a capacity limit of 500 for each training, and all trainings will be recorded and posted to the DDS website.

When registering, please provide any needed accommodations.

For questions about this training series or registration assistance, please email brytnee@sdaus.com.
