

**REPORTED POSITIVE COVID-19 TESTS AND DEATHS OF REGIONAL CENTER CONSUMERS**

DATA PROVIDED BY REGIONAL CENTERS AS OF 5/11/21

These tables compile data provided to DDS by California's 21 regional centers. Updates received from each regional center every business day include information for individuals known to them to have tested positive for COVID-19. Data is provisional and may change as regional centers provide updates. Details regarding gender, age group, and self-reported ethnicity are retrieved from separate databases of information for all regional center consumers.

Modifications have been made to the methodology for calculating age group. Age is calculated to reflect the current age of the consumer as of the date being reported; ages of deceased consumers are calculated as of the date the death was reported to DDS.

<sup>1</sup> One consumer does not have a listed gender.

<sup>2</sup> "Other" includes multiple ethnicities and individuals with no recorded ethnicity.
