A time for questions and to provide comments.

What's New in EVV

What's New in EVV

DDS EVV Office Hours:

Office Hours are a time to join a Zoom call to ask questions regarding identified topics.

Each Office Hour date, time and topic will be posted to the DDS EVV webpage under the 'Meetings' tab, linked here, and notifications will go out when new dates, times and topics are available.

Advanced registration is not required. People may join the link at any time during the call to ask questions and do not need to remain on the call the whole hour.

Many of the topics in this webinar will be supported by upcoming Office Hours.

What's New in EVV

New features available in CalEVV and the CalEVV Aggregator – coming soon!

Email from Sandata will include:

- Information about the capabilities of the new features
- Clarifies which users have access to the new features
- Steps to access the new feature in the system

Training through Sandata is available for these new features *beginning March 25th*.

What's New in EVV

Provider ID Maintenance

- Allows authorized users to verify, add, update or delete provider identifiers
- Available to 'administrators' of both CalEVV and CalEVV Aggregator
- Available under the Security menu, under 'Manage Provider Identifiers'
- Eliminates the need to submit a support ticket to change/correct Provider Identifiers
 - Examples: During self-registration, an incorrect vendor ID was entered, or a provider has a new vendorization to add to their account.

What's New in EVV

Scheduled Reporting

- Allows authorized users to schedule a report and log back into the system at a later time to view the results
- Available to 'administrators' of both CalEVV and CalEVV Aggregator
- A new button 'Schedule Reports' is available on the Report screen
- Reports are available in PDF

What's New in EVV

In-App Messaging

- Allows authorized users to send messages to other users within their CalEVV account(s)
- Available to 'administrators' of both CalEVV and CalEVV Aggregator
- Messages are created and will appear under a new menu option called Messaging

What's New in EVV

Security

- Applies only to CalEVV users who manually entered client records
- This feature *links* clients to regional centers (i.e. Jurisdictional Entities)
- This ensures staff at regional centers and at the State will only have access to information for their clients
- New clients entered into CalEVV will require this information before saving the client detail page
- If not already in place, existing clients will need this information before you can save any edits/changes to their client record

Available Training

Available Training

For users of CalEVP, videos of various training topics will be available soon.

Each video has closed captioning and lasts no longer than 20 minutes.

Viewers can select a specific video topic and can fast forward through the videos to pin-point what they're looking for.

These trainings will also be available in Spanish.

Access to these videos will come via an email link from Sandata.

Available Training

FAQs

FAQs

Question: Why is it taking so long for my Alternate EVV solution to complete testing with Sandata?

Answer: Testing can take from 2 weeks to a couple of months. Sandata is doing outreach to see if any Alternate solutions need assistance and to check status of testing.

Questions can be directed to the Alt Customer Care Support Team:

Email: CAAltEVV@sandata.com

Phone: 855-943-6069

FAQs

Question: Once my Alternate EVV solution has completed testing with Sandata, do I have to send data back to January 1st ?

Answer: No, this is not required. Begin sending your data to the CalEVV Aggregator once their testing is approved and your staff are using the system.

*Please note, if you began collecting data back to January 1st, you have the option to send all the data you have back to that date.

FAQs

Question: I completed self-registration after March 1st and I'm using the CalEvv system. Do I have to go back to March 1st and manually enter visit information?

Answer: No, this is not required.
