Spring 2022

Performance Report for Frank D. Lanterman Regional Center

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve consumers and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about your regional center.

Last year, at Frank D. Lanterman Regional Center (FDLRC) we served about 11,160 clients. The charts on page two tell you about the individuals we serve. You'll also see how well we are doing in meeting our goals and in fulfilling our contract with DDS.

At FDLRC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. As you can see in this report, we performed above the State average on nearly all Regional Center goals on page 3 and in meeting the DDS compliance standards on page 4. The second year of the Covid-19 State of Emergency (SOE) continued to be challenging and impacted the timeliness of our Intake and Assessment functions; however I am glad to report that applications have increased and eligibility determinations are returning to normal.

We continue to partner with our community-based organizations to provide parent education and support to reduce differences in the Purchase of Services; our Promotora and Community Health Worker programs are two examples of this collaboration, which proved valuable as we assisted families during the SOE. Of the 11,160 individuals we serve, 46% of clients and families and 66% of staff are Hispanic; 9% of clients and families and 8% of staff are Asian; 7% of clients and families and 8% of staff are African-American and 31% of clients and families and 8% of staff are Caucasian. Overall, Lanterman staff speak 12 different languages.

We hope this report helps you learn more about FDLRC. If you have any questions or comments, please contact us!
