

## Home and Community-Based Services (HCBS) Rules Reference Information

The Home and Community-Based Services (HCBS) rules supports people with disabilities to have full access to, and enjoy the benefits of, community living through long-term services and supports in the most integrated settings of their choosing. **Completion of this concept form is for the sole purpose of applying for compliance funding and does not take the place of provider assessments or remediation that the Department has required to determine provider compliance with the HCBS settings rules.**

Prior HCBS funding focused primarily on barriers to compliance with the 10 federal requirements of the HCBS Final Rule. HCBS funding for fiscal year 2021-2022 will still take the 10 federal requirements into account and will also place increased emphasis on the outcome of a provider's concept. To simplify the process, the federal requirements were placed in three categories that target similar outcomes. Those categories are Community Integration, Individual Rights, and Choice. A fourth category, Collaboration, may be used for a concept between multiple providers to develop a community resource or collaborate on a project benefiting multiple settings. The bulleted questions listed under each category are for providers to consider when thinking about their current operations and plans for the future. These questions should be used when considering ways to build a concept that will achieve increased person-centered practices ongoing.

Service providers may request a copy of their completed self-assessment, by contacting their regional center HCBS Program Evaluator. A blank copy of the assessment can be found at <https://www.dds.ca.gov/wp-content/uploads/2020/09/CADDSHCBSProviderSelfAssessment.pdf>.

More information on the HCBS rules and this form can be found at <https://www.dds.ca.gov/initiatives/cms-hcbs-regulations/>.

Questions may be directed to [HCBSregs@dds.ca.gov](mailto:HCBSregs@dds.ca.gov).

## Community Integration

How will providers support the following through their services?

- Individuals receiving services in the community based on their needs, preferences and abilities.
- Individuals participating in activities in the community, which are routinely accessed by the general public, and are not solely for the purpose of supporting people with disabilities, as part of their plan for services.
- Individuals exercising control over their schedules and activities.
- Opportunities for activities in the community that include meaningful interaction with individuals not receiving regional center services, not including paid staff or volunteers (e.g. development of hobbies or interests, volunteering, job training, etc.).
- Access to competitive integrated employment opportunities. Note: information on California's Competitive Integrated Employment Initiative can be found at <http://www.chhs.ca.gov/home/cie/>

## Home and Community-Based Services (HCBS) Rules Reference Information

### Individual Rights

How will providers support the following through their services?

- Informing individuals, in a manner they can understand, of their rights to privacy, dignity, respect, and freedom from coercion and restraint.
- Communication with individuals based on their needs and preferences, including alternative methods of communication where needed (e.g., assistive technology, Braille, large font print, sign language, participants' language, etc.).
- Individuals have informed consent and regular review regarding residential agreements, admission agreements, or other forms of written residency agreements.
- Individuals taking active roles in program policies and shared house rules.
- Individuals understanding of the balance between the rights they have and respecting the rights of others, building skills of negotiation.
- Individuals' understanding of the different service options available to them, and working towards individualized goals with support.
- Choice regarding roommates or private accommodations.
- Visitors are welcome to visit the home at any time.
- Individuals going with visitors outside the home; such as for a meal or shopping, or for a longer visit outside the home, such as for holidays or weekends.
- Individuals having the freedom to move about inside and outside the home.
- For those requiring accessible supports, grab bars, seats in bathrooms, ramps for wheelchairs, etc., are available so that individuals can move about the setting as they choose.
- Appliances and furniture are accessible to every individual.

### Choice

How will providers support the following through their services?

- Offering daily activities based on individual's needs and preferences.
- Structuring support so that individuals are able to interact with people they choose to interact with, both at home and in community settings.
- Structuring support so that individuals are able to participate in activities that interest them and correspond with their IPP goals.
- Supporting individuals in choosing which staff provide their care to the extent that alternative staff are available.
- Opportunities to modify services and/or voice concerns outside of the scheduled review of services (IPP review).
- Individuals having access to food at any time.
- Supporting individuals to set their own daily schedules.

## Home and Community-Based Services (HCBS) Rules Reference Information

### Collaboration

- Does your program excel in a particular facet of your service type that can be beneficial to other programs in coming into compliance and strengthening person-centered practices?
- Does your concept involve at least one additional agency who will share in the development and implementation of the concept?
- Are there increased benefits to people you serve by collaborating on this concept with other providers?
- Are you developing a community of practice? (i.e. a group of people who share a common interest and come together to learn from each other and achieve a common goal.)

Some previously funded concepts have successfully collaborated to assist other providers in enhancing their services through projects such as:

- Development of toolkits and resources regarding the Final Rule, or areas within the Final Rule (employment options, housing, person-centered planning, etc.), that can be broadly accessed.
- Training and knowledge-sharing with others in their catchment area.
- Creation of person-centered planning applications/software.

## HCBS Final Rule: List of Federal Requirements

### **Federal Requirement #1: Access to the Community**

*The setting is integrated in, and supports full access of individuals receiving Medicaid HCBS to the greater community, including opportunities to seek employment and work in competitive integrated settings, engage in community life, control personal resources, and receive services in the community, to the same degree of access as individuals not receiving Medicaid HCBS.*

### **Federal Requirement #2: Choice of Setting**

*The setting is selected by the individual from among setting options, including non-disability-specific settings and an option for a private unit in a residential setting. The setting options are identified and documented in the person-centered service plan and are based on the individual's needs, preferences, and, for residential settings, resources available for room and board.*

### **Federal Requirement #3: Right to be Treated Well**

*Ensures an individual's rights of privacy, dignity and respect, and freedom from coercion and restraint.*

## Home and Community-Based Services (HCBS) Rules Reference Information

### **Federal Requirement #4: Independence**

*Optimizes but does not regiment individual initiative, autonomy, and independence in making life choices, including, but not limited to, daily activities, physical environment, and with whom to interact.*

### **Federal Requirement #5: Choice of Services and Supports**

*Facilitates individual choice regarding services and supports, and who provides them.*

For providers who operate a residential setting:

### **Federal Requirement #6: Residential Agreement**

*The unit or dwelling is a specific physical place that can be owned, rented or occupied under a legally enforceable agreement by the individual receiving services, and the individual has, at a minimum, the same responsibilities and protections from eviction that tenants have under the landlord/tenant law of the State, county, city or other designated entity. For settings in which landlord/tenant laws do not apply, the State must ensure that a lease, residency agreement or other form of written agreement will be in place for each participant and that the document provides protections that address eviction processes and appeals comparable to those provided under the jurisdiction's landlord/tenant law.*

### **Federal Requirement #7: Privacy**

- 1. Each individual has privacy in his/her sleeping or living unit:*
- 2. Units have entrance doors lockable by the individual, with only appropriate staff having keys to doors as needed.*
- 3. Individuals sharing units have a choice of roommates in that setting.*
- 4. Individuals have the freedom to furnish and decorate their sleeping or living units within the lease or other agreement.*

### **Federal Requirement #8: Schedule and Access to Food**

*Individuals have the freedom and support to control their own schedules and activities, and have access to food at any time.*

### **Federal Requirement #9: Right to Visitors**

*Individuals are able to have visitors of their choosing at any time.*

### **Federal Requirement #10: Accessibility**

*The setting is physically accessible to the individual.*

## Home and Community-Based Services (HCBS) Rules Reference Information

Regional center vendors may receive funding to make changes to service settings and/or programs to enhance current services through individualized service delivery. To be considered for funding, vendors must complete and submit this form to the regional center with which it has primary vendorization.

### Instructions:

- The concept form on the next page must be used, may not exceed four pages plus the budget worksheet and any cost backup, and must be kept in Arial 12-point font. Submit the form in Microsoft Word or PDF format. An extra half page is permitted to answer questions about prior funding.
- Using a form from previous years will negatively impact a concept score. Please use the current FY 21-22 form.
- For providers that operate programs with several vendor numbers involved in one concept, one blueprint and concept form should be submitted and should list all vendor numbers for related/included programs. If multiple programs owned by the same parent company have different blueprints or concepts, additional applications can be submitted but should be attached in the same document as the other owned programs so they can be reviewed together.
- The concept includes detailed information that describes the funding requests and supports how the requests will assist the provider in **enhancing person-centered service delivery**.
- Concepts should demonstrate how the requested change in service delivery will impact individuals in **offering more choices and opportunities**.

While concept development should be individualized for each provider, some common themes persist among those that have been previously selected for funding.

### Strengths of previously funded concepts:

- Identified the need as well as proposed a plan to provide outreach and information regarding the HCBS rules to individuals served and members of their support teams.
- Discussed the need for additional funds to effectively support individuals served on a more individualized basis in overcoming barriers to community integration and employment, as appropriate.
- Prioritized the preferences of individuals served and utilized their feedback in the development of the concept.

## Home and Community-Based Services (HCBS) Rules Reference Information

Vendor name	CORNERSTONE RESIDENTIAL LLC – NOEL'S HOME
Vendor number(s)	HN0572
Contact Name	JETHRO NICOLAS, LVN
Contact Email Address	jethroNicolas@gmail.com
Primary regional center	NORTHBAY REGIONAL CENTER
Service type(s)	SPECIALIZED RESIDENTIAL FACILITY (BEH AND MED)
Service code(s)	113
Number of consumers typically and currently served	4
Typical and current staff-to-consumer ratio	2:4 or 3:4 (Wake hours); 2:4 (Overnight)
<p>1. Please provide a brief description of the service/setting. Include what a typical day consists of during regular program as well as how services are currently being provided. This response must include the baseline/current levels for any aspects of the program for which the concept proposes funding. If you have previously identified your program as compliant with the HCBS Final Rule through the Self-Assessment, what changes have occurred that has changed your level of compliance?</p>	
<p>Noel's Home is a newly opened and vendorized home in Fairfield (02/2021) serving Adults with Developmental Disabilities with Maladaptive Behaviors and Nursing Needs.</p> <p>Noel's Home is a Licensed Adult Residential Facility (Dept. of Social Services CCLD) vendored by NBRC as a 4 Bed Specialized Res. Facility. All rooms are private and all consumers share with 1 wheelchair accessible bathroom and 1 non-wheelchair accessible bathroom. Currently the home serves 3 Non-ambulatory individuals and 1 ambulatory individual. Currently, 3 individuals share with the wheelchair accessible bathroom and the use of this bathroom needs to be scheduled (such as showers) and it is a challenge for other consumers who urgently needs to use the w/c accessible toilet if another consumer is using it.</p> <p>For community outings, appointments and other social activities of consumers, the home only has a wheelchair van. One consumer who is able to walk is having difficulty with going inside the wheelchair due to the height of the van. Another consumer who is very active in social activities such as Special Olympics, grocery shopping, sports and other social activities has a limited opportunity to have access to such social activities since the facility has 4 consumers to share with the wheelchair van.</p>	
<p><b>Project Narrative Description:</b> While filling out this section, reflect on how services are typically provided and how that might have changed in the past year. Think about what has been learned in the past year and how that might shape services going forward. Funding awarded through this concept can span the course of up to two years which would allow time to shape services to be more person-centered and align with the HCBS federal requirements.</p>	
<p>2. Please provide a brief summary narrative of the concept for which you are requesting funding, including justification for the funding.</p>	
<p><b>REMODELLING</b></p> <p>To comply with Federal Requirement (#5 Choice, #8 Schedule and #10 Accessibility), the home is requesting for funding for the second bathroom (non-wheelchair accessible) be converted into a wheelchair accessible bathroom to promote Accessibility to the consumers served. The home deemed the proposed concept deemed not only necessary but beneficial to all consumers served. The home also needs remodeling of a front door ramp (since the home only has one ramp which is located in the back of the house. A front ramp is necessary to promote accessibility especially in cases of emergency wherein the consumers need to evacuate the house. The home also needs backyard remodeling to construct a deck which is connected to one of the individuals bedroom (which has a sliding door but unable to utilize</p>	

## Home and Community-Based Services (HCBS) Rules Reference Information

the door because she is non ambulatory. A deck connected to her room will promote Accessibility and Choice since she will have the opportunity to have access to the backyard anytime she wants due to her ability to get out of her room to the deck while on her wheelchair, this way we will not only promote choice and accessibility but independence as well. Her increased accessibility will help her do the things that she wants like gardening, watering the plants doing outdoor exercises etc. (Total Funding Requested: \$80,000)

### VEHICLE

To adhere to person centered thinking and to comply with Federal Requirement (#1 Community Access, #5 Choice, #10 Accessibility), the home is requesting a minivan to increase community integration and to promote choice of activity and accessibility of consumers served. Currently the home has 2 individuals who will definitely benefit from the use of minivan. One individual who currently resides at the home has difficulty going up the current van (wheelchair van) and she is able to walk and easier for her to get in and out of a minivan. Another consumer is active in different activities such as grocery shopping, special Olympics etc. and a minivan will benefit her to increase her socialization and increase community integration anytime she wants. (Proposed Funding: \$55,000)

3. Identify which category/ categories this concept addresses.

- Community Integration
- Individual Rights
- Choice
- Collaboration

4. Please list the proposed objectives and outcomes of the concept, as well as the methods of achieving and tracking them. How will this concept assist you in reaching goals within the category that you are requesting funds?

The proposed objectives and outcomes of the concept is to promote and provide support in terms of individuals served being able to make a choice (example: own shower schedule and being able to use a wheelchair accessible bathroom anytime he/she wants without interfering with other consumers; being able to integrate in the community and increase socialization and perform activities of their choice)

5. Please describe how and/or what was done to ensure that individuals served by the program led the development of this concept? Discuss not only the development of the concept, but also what steps were taken to identify the interests and desires of the individuals and who was involved in that process.

Per consumers IPP, Person Centered Thinking and IDT meetings, the team was able to determine the wants and needs of the consumers. Interview with conservators, family member, challenges in previous living arrangements and current home challenges led us to the determination of the perfect and applicable concept.

6. Please describe how the concept you propose will enable you to provide more person-centered services to the individuals you serve.

The concept will provide more person centered service to individuals in terms of them being able to have their personal choice, input and decide for themselves what is best for them such as being able to go to places they want anytime of the day, having access to community whenever they want to, Having opportunity to decide when they want to take showers and not base it on schedules.

7. What percentage of individuals served by your program will directly benefit from implementation of this concept?

100% of the individuals served (4 individuals) will directly benefit from the implementation of the concepts

8. Please address your plan for maintaining the benefits, value, and success of your project at the conclusion of 2021-22 HCBS Funding.

## Home and Community-Based Services (HCBS) Rules Reference Information

<p>To maintain the benefits, value and success of the project, Consumers will continue and encourage to utilize such project to help and support then in achieving their goals and objective set forth in their IPP and promote Person Centered Thinking.</p>	
<p>9. Write a brief narrative below explaining each major cost category and timeline. Complete the budget template at the end of the concept sheet. An Excel version with formulas is available. When applicable, budgets should include personnel/benefits, operating costs such as consultants or training, administrative expenses/indirect costs, and capital costs (assets lasting more than 2 years). If project spans 2 years or occurs in phases, budget should be separated by phase/year.</p> <p>Administrative costs, if any, must comply with DDS' vendor requirements, including a cap of 15% of the sum of personnel/benefits, consulting, and operating costs (must exclude capital costs). This information can be found at this <a href="#">link</a>.</p>	
<p>VEHICLE (MINIVAN) COST = \$57,072.00. TIMELINE: MARCH 31,2022</p> <p>RENOVATION/REMODELING OF DECK, FRONT RAMP AND WHEELCHAIR ACCESSIBLE BATHROOM COST = \$75,000.00 TIMELINE: MARCH 31, 2022 – APRIL 30, 2022</p>	
<p>10. Please address sustainability of funding sources for all programs or concepts requiring any funding past the timeframe of the requested funding, especially those that involve staff or other long-term costs. Please mark "not applicable" if costs will all be incurred during the program timeframe; up to two years.</p>	
<p>N/A</p>	
<p>11. Have you or the organization you work with been a past recipient of DDS funding? If yes, what fiscal year(s)?</p>	<p>HCBS Funding    ___ <b>No</b> ___ Yes. If Yes, FY(s) _____  Service Access and Equity Funding    ___ <b>No</b> ___ Yes. If Yes, FY(s) _____  CPP Funding    ___ <b>No</b> ___ Yes. If Yes, FY(s) _____  CRDP Funding    ___ <b>No</b> ___ Yes. If Yes, FY(s) _____</p> <p>If yes to any question be sure to answer questions 13 and 14.</p>
<p><b>For providers who have received prior HCBS, Disparity, CPP or CRDP Funding from DDS</b></p>	
<p>12. If your organization has received prior funding from any of the above sources, please provide an update on the prior funding project. You may copy and paste from progress update(s) previously provided to regional centers or DDS.</p>	
<p>N/A</p>	
<p>13. If your organization received prior funding, please explain how the current funding request is not redundant with any prior funding received and/or builds on the prior funding but was not part of the original funding.</p>	
<p>N/A</p>

Manual second- and third-row sunshades

10-in. color Head-Up Display (HUD) with speedometer, navigation,<sup>30</sup> and Hybrid System Indicator

One USB media port and six USB charge ports<sup>31</sup>

Fixed center console with wood-grain-style accents, pass-through, illuminated storage compartment, and four cup holders

Dual sun visors with illuminated vanity mirrors

Lockable glove compartment

One 12V DC outlet<sup>32</sup> (under bridge console)

Up to 18 cup and bottle holders

Overhead console with maplights and dome lights, side door and liftgate controls, and Safety Connect<sup>®33</sup>

Front- and rear-door map pockets with bottle holders

Electric Parking Brake (EPB)<sup>34</sup> with Brake Hold<sup>35</sup> function

**AUDIO MULTIMEDIA** (continued)

Premium Audio and Dynamic Navigation<sup>36</sup> with 3-year trial<sup>37</sup>—9-in. touchscreen, 12 JBL<sup>®38</sup> speakers including subwoofer and amplifier, Android Auto<sup>™39</sup> & Apple CarPlay<sup>®40</sup> & Amazon Alexa<sup>41</sup> compatible, one USB media port,<sup>31</sup> six USB charge ports,<sup>31</sup> hands-free phone capability and music streaming<sup>24</sup> via *Bluetooth*<sup>®24</sup> wireless technology, SiriusXM<sup>®42</sup> with 3-month Platinum Plan trial subscription.<sup>43</sup> See [toyota.com/audio-multimedia](http://toyota.com/audio-multimedia) for details. Connected **Services** [44]—Safety **Connect**<sup>®</sup> [33] with 1-year trial, [45] Service **Connect** [46] with 10-year trial, [47] Remote **Connect** [48] with 1-year trial, [49] Wi-Fi **Connect** [50] with up to 2 GB within 3-month trial, [51] Destination **Assist** </a><sup>52</sup> with 1-year trial.<sup>53</sup>

**SAFETY/CONVENIENCE**

Star Safety System<sup>™</sup>—includes Enhanced Vehicle Stability Control (VSC),<sup>54</sup> Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)<sup>55</sup> and Smart Stop Technology<sup>®</sup> (SST)<sup>56</sup>

Ten airbags<sup>57</sup>—includes driver and front passenger Advanced Airbag System, driver, front passenger and second-row outboard seat-mounted side airbags, driver knee airbag, front passenger seat-cushion airbag, side curtain airbags

Tire Pressure Monitor System (TPMS)<sup>58</sup> with direct pressure readout and individual tire location alert

Child-protector rear door locks

Tire repair kit

3-point seatbelts for all seating positions; driver-side Emergency Locking Retractor (ELR) and Automatic/ Emergency Locking Retractors (ALR/ELR) on all passenger seatbelts

Adjustable seatbelt anchors on front and outboard second-row seats and driver and front passenger seatbelt pretensioners with force limiters

Four LATCH (Lower Anchors and Tethers for CHildren) locations: includes lower anchors on outboard second-row seats, and passenger side and center third-row seats

Hill Start Assist Control (HAC)<sup>59</sup>

Toyota Safety Sense<sup>™</sup> </a> 2.0 (TSS 2.0)<sup>60</sup>—Pre-Collision System with Pedestrian Detection (PCS w/PD),<sup>61</sup> Lane Departure Alert with Steering Assist (LDA w/SA),<sup>62</sup> Lane Tracing Assist (LTA),<sup>27</sup> Automatic High Beams (AHB),<sup>63</sup> Full-Speed Range Dynamic Radar Cruise Control (DRCC),<sup>64</sup> Road Sign Assist (RSA)<sup>65</sup>

Front and Rear Parking Assist with Automatic Braking (PA w/AB)<sup>66</sup>

Blind Spot Monitor (BSM)<sup>14</sup> and Rear Cross-Traffic Alert (RCTA)<sup>67</sup> with Rear Cross-Traffic Braking (RCTB)<sup>68</sup>

Anti-theft system with alarm and engine immobilizer<sup>69</sup>

## Warranties

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Hybrid-Related Component Coverage:** Hybrid-related components for hybrid vehicles are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. Refer to applicable Owner's Warranty Information booklet for details.

**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, front-wheel drive, rear-wheel drive, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable Owner's Warranty Information booklet for details.

**Accessories:** For accessories purchased at time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months or 36,000 miles (whichever comes first) from the vehicle's in-service date, which is the same coverage as the Basic coverage of the Toyota New Vehicle Limited Warranty.

For dealer-installed accessories purchased after the new vehicle purchase, the coverage is 12 months or 12,000 miles (whichever comes first) from the date the accessory was installed on the vehicle, or the remainder of the above 36 months or 36,000 miles Basic coverage from the vehicle's in-service date, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

For customers (non-dealer) installed accessories purchased after the new vehicle purchase, the coverage is 1 months of 12,000 miles (whichever comes first), from the purchase date of the accessory.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please refer to the applicable Owner's Warranty Information booklet or see your Toyota dealer.

## TOYOTA CARE

 **ToyotaCare** Covers normal factory scheduled service. Plan is 2 years or 25K miles, whichever comes first. The new Toyota vehicle cannot be part of a rental or commercial fleet, or a livery or taxi vehicle. See plan for complete coverage details. See participating Toyota dealer for details.

1. Do not exceed 120V. See Owner's Manual for additional limitations and details. 2. Installed MSRP is the Manufacturer's Suggested Retail Price for accessories installed by the manufacturer. Actual prices for dealer installed accessories may vary. Please see your local Toyota dealer for pricing. Prices and product availability are subject to change without notice. 3. Installation not included. See your local Toyota dealer for installed pricing. Prices and product availability are subject to change without notice. 5. MSRP excludes the Delivery, Processing, and Handling Fee of \$1,025 for Cars (86, Avalon, Avalon HV, Camry, Camry HV, Corolla, Corolla HV, Corolla HB, Mirai, Prius, Prius Prime, Supra), \$1,215 for SUV/Van/Small Trucks (4Runner, Corolla Cross, C-HR, Highlander, Highlander HV, RAV4, RAV4 HV, RAV4 Prime, Sienna, Tacoma, Venza), \$1,495 for Large SUVs (Land Cruiser, Sequoia), and \$1,695 for Large Truck (Tundra). (Historically, vehicle manufacturers and distributors have charged a separate fee for processing, handling and delivering vehicles to dealerships. Toyota's charge for these services is called the "Delivery, Processing and Handling Fee" and is based on the value of the processing, handling and delivery services Toyota provides as well as Toyota's overall pricing structure and may be subject to change at any time. Toyota may make a profit on the Delivery, Processing and Handling Fee.) Excludes taxes, license, title and available or regionally required equipment. The Delivery, Processing and Handling Fee in AL, AR, FL, GA, LA, MS, NC, OK, SC and TX will be higher. The published prices do not apply to Puerto Rico and the U.S. Virgin Islands. Actual dealer price will vary. 6. 2022 EPA-estimated mpg ratings. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. See [www.fueleconomy.gov](http://www.fueleconomy.gov). 7. ToyotaCare covers normal factory scheduled maintenance for two years or 25,000 miles, whichever comes first. Certain models require a different maintenance schedule as described in their Maintenance Guide. 24-hour Roadside Assistance is also included for two years, unlimited mileage. Roadside Assistance does not include parts and fluids, except emergency fuel delivery. See Toyota dealer for details and exclusions. Valid only in the continental U.S. 8. ToyotaCare covers normal factory scheduled maintenance for two years or 25,000 miles, whichever comes first. Certain models require a different maintenance schedule as described in their Maintenance Guide. 24-hour Roadside Assistance is also included for two years, unlimited mileage. Roadside Assistance does not include parts and fluids, except emergency fuel delivery. See Toyota dealer for details and exclusions. Valid only in the continental U.S. 9. Meets Tier 2/Bin 3 Federal emissions standard. 10. EV Mode lets you operate solely on battery power at low speeds for short distances and in limited circumstances, such as in a parking garage. Different conditions may prevent or limit usage. See your Owner's Manual for limitations and details. 11. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. 12. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. "Added vehicle equipment" includes additional standard/optional equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle's exact curb weight is to weigh your vehicle without passengers or cargo. [70] Installation of a tow hitch receiver or other accessories located near the rear bumper or side-door kick sensors may require disabling or removing the kick sensor, and the sensor operation setting in your vehicle should be turned off. See Owner's Manual for limitations. 13. Selection of the Genuine Toyota tow hitch will require removing or disabling the kick sensor, and the sensor operation setting in your vehicle should be turned off. Water, weather, dirt and other conditions also may cause the sensor to not operate properly or to operate unintentionally. See Owner's Manual for limitations. 14. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See Owner's Manual for additional limitations and details. 15. The Bird's Eye View Camera does not provide a comprehensive view of the area surrounding the vehicle and you should also look around the vehicle, using mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 16. Kick sensor is not compatible with tow hitch and other accessories that mount to or near the rear bumper. 17. Installation of a tow hitch receiver or other accessories located near the rear bumper or side-door kick sensors may require disabling or removing the kick sensor, and the sensor operation setting in your vehicle should be turned off. Water, weather, dirt, and other conditions also may cause the sensor to not operate properly or to operate unintentionally. See Owner's Manual for limitations 18. Do not overload your vehicle. See Owner's Manual for weight limits and restrictions. 19. The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 20. Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the wireless charging system, avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns. 21. Do not use the lounge chair with ottoman when vehicle is in motion (use only when vehicle is stationary). If the ottoman is in use during an accident, the lap belt may slide past the hips. This could result in restraint forces being applied directly to the abdomen, or your neck may contact the shoulder belt, increasing the risk of death or serious injury. See Owner's Manual for additional limitations and details. 22. When spare tire is added to Limited AWD or Platinum AWD, second-row ottomans are removed. 23. Softex® is a registered trademark of Toyota Motor Sales, U.S.A., Inc. 24. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., and any use of such marks by Toyota is under license. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 25. Dynamic Radar Cruise Control (DRCC) is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. DRCC not available on manual transmissions. See Owner's Manual for additional limitations and details. 26. Lane Departure Alert is designed to read visible lane markers under certain conditions, and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 27. Lane Tracing Assist (LTA) is designed to read visible lane markers and detect other vehicles under certain conditions. It is only operational when DRCC is engaged. See Owner's Manual for additional limitations and details. 28. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 29. HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. 30. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Functionality, availability and accuracy of information provided by the system depends on many factors and service may not be available in every location. Use common sense when relying on information provided. Apps/services vary by phone/carrier. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change at any time without notice. See [toyota.com/connected-services](http://toyota.com/connected-services) for details. Services and programming subject to change. Updates may be available from your dealer at an additional cost. See Owner's Manual for additional limitations and details. 31. May not be compatible with all mobile phones, MP3/WMA players and like models. 32. Rated for 12 volts/10 amps. See Owner's Manual for additional limitations and details.

33. Safety Connect® depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Some features may require the Toyota app. Registration required. Subscription required after trial. Service subject to change at any time without notice. Terms of Use apply. Data charges may apply. Service may vary by vehicle and region. See usage precautions and service limitations in Owner's Manual and at [toyota.com/connected-services](https://www.toyota.com/connected-services) for additional details. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, please visit <https://www.toyota.com/privacyvts/>. 34. When the system is on, Electric Parking Brake is designed to engage the Parking Brake under limited conditions. It may not hold the vehicle under all conditions. See Owner's Manual for additional limitations and details. 35. When the system is on, Brake Hold is designed to keep the brakes engaged after the driver brings the vehicle to a complete stop. It may not hold the vehicle under certain conditions and does not function when the vehicle is in Reverse. Brake Hold is not a substitute for safe and attentive driving. See Owner's Manual for additional limitations and details. 36. Dynamic Navigation depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Services not available in every city or roadway. Use common sense when relying on information provided. Service may vary by vehicle and region. Registration is required. Subscription required after trial. Terms of Use apply. Data charges may apply. See Owner's Manual and <https://www.toyota.com/connected-services> for additional limitations and details. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, please visit <https://www.toyota.com/privacyvts/>. 37. The Dynamic Navigation trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. 38. JBL® is a registered trademark of Harman International Industries, Inc. 39. Vehicle user interface is a product of Google and its terms and privacy statement apply. To use Android Auto on your audio display, you'll need an Android Auto compatible vehicle and Android phone. For phone compatibility visit: <https://www.android.com/auto/>. Requires compatible smartphone connected with an approved data cable into the USB media port, and data plan rates apply. Apps and services vary by phone carrier and are subject to change at any time without notice. Android, Android Auto and Waze are trademarks of Google. 40. Apps and services are subject to change at any time without notice. Data charges may apply. Apple CarPlay® functionality requires a compatible iPhone® connected with an approved data cable into the USB media port. Apple CarPlay® is a registered trademark of Apple Inc. 41. Amazon, Alexa and all related marks are trademarks of Amazon.com, Inc. or its affiliates. Certain functions require adequate signal strength and/or smartphone technology/connectivity. Not all Amazon Alexa functionality is available for in-vehicle use. See applicable app for details. Download of the Toyota app and Toyota+Alexa app are both required to begin in-vehicle use of Alexa. Data charges may apply for certain functions. Apps and services subject to change at any time without notice. To learn more, go to <https://www.toyota.com/audio-multimedia>. To learn more about Toyota's data collection, use, sharing and retention practices, please visit <https://www.toyota.com/privacyvts/>. 42. Trial length and service availability may vary by model, model year or trim. Service will automatically stop at the end of your trial subscription period unless you decide to continue service. If you do not wish to enjoy your trial, you can cancel by calling the number below. All SiriusXM services require a subscription, each sold separately by SiriusXM after the trial period. Service subject to the SiriusXM Customer Agreement and Privacy Policy; visit [www.siriusxm.com](http://www.siriusxm.com) to see complete terms and how to cancel which includes calling 1-866-635-2349. Some services and features are subject to device capabilities and location availability. All fees, content and features are subject to change. SiriusXM, Pandora and all related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries. 43. SiriusXM trial length and service availability may vary by model, model year or trim. 44. Connected Services depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Service may vary by vehicle and region. Subscription required after trial. Terms of Use apply. Data charges may apply. Apps and services subject to change at any time without notice. See [toyota.com/connected-services](https://www.toyota.com/connected-services) for details. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, please visit <https://www.toyota.com/privacyvts/>. Stolen vehicle police report required to use Stolen Vehicle Locator. 45. The Safety Connect® trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in paid subscription is required to access the service. 46. Information provided is based on the last time data was collected from the vehicle and is not real-time data. Service Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Service may vary by vehicle and region. Registration required. Subscription required after trial. Service subject to change at any time without notice. Terms of Use apply. Data charges may apply. See usage precautions and service limitations in Owner's Manual and at [toyota.com/connected-services](https://www.toyota.com/connected-services) for additional details. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, please visit <https://www.toyota.com/privacyvts/>. 47. The Service Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Subscription required after trial. Service Connect renewal will be included when Safety Connect®, Remote Connect or Destination Assist connected service renewal is selected. Service Connect is not renewable as a stand-alone service. 48. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Toyota Remote Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Service may vary by vehicle and region. Registration and Toyota app download required. Subscription required after trial. Terms of Use apply. Data charges may apply. Remote start/stop not available on manual transmission-equipped vehicles. Services subject to change at any time without notice. See usage precautions and service limitations in Toyota Owner's Manual and at <https://www.toyota.com/connected-services> for additional details. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, please visit <https://www.toyota.com/privacyvts/>. 49. The Toyota Remote Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. Terms of use apply. 50. Eligible vehicle and wireless service required. Wi-Fi Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Wi-Fi Connect coverage and service not available everywhere. Valid in the contiguous U.S. and Alaska. Do not drive distracted. Go to [att.com/toyota](http://att.com/toyota) for terms and conditions. Data usage and charges apply. Up to 5 devices can be supported using in-vehicle connectivity. Apps and services subject to change at any time without notice. The Wi-Fi Connect trial begins at the time of activation and expires when 2GB of data is used or when the 3-month period ends. Subscription required after trial. Terms and conditions apply. 51. The Wi-Fi Connect trial begins at the time of activation and expires when 2GB of data is used or when the 3-month period ends. Subscription required after trial. Terms and conditions apply. 52. Destination Assist depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Use common sense when relying on this information. Service may vary by vehicle and region. Registration required. Subscription required after trial. Services subject to change at any time without notice. Terms of Use apply. Data charges may apply. See Owner's Manual and [toyota.com/connected-services](https://www.toyota.com/connected-services) for additional limitations and details. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, please visit <https://www.toyota.com/privacyvts/>. 53. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. 54. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 55. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner's Manual for additional limitations and details. 56. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner's Manual for additional limitations and details. 57. Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner's Manual for additional limitations and details. 58. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See Owner's Manual for additional limitations and details. 59. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 60. Toyota Safety Sense™ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner's Manual for additional limitations and details. 61. The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle, a pedestrian or a bicyclist. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian or bicyclist and weather, light and road conditions. See Owner's Manual for additional limitations and details. 62. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 63. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner's Manual for additional limitations and details. 64. Full-Speed Range Dynamic Radar Cruise Control (DRCC) is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. Vehicles with manual transmission have regular DRCC. See Owner's Manual for additional limitations and details. 65. Do not rely exclusively on Road Sign Assist (RSA). RSA is a driver support system that utilizes the vehicle's forward-facing camera and navigation system (when data is available) to recognize certain road signs and provide information to the driver via the multi-information display and/or Head-Up Display. Effectiveness is dependent on road, weather, vehicle and sign conditions. Use common sense when using RSA and do not drive distracted. See Owner's Manual for additional limitations and details. 66. At speeds of 9 mph or less, Front and Rear Parking Assist with Automatic Braking (PA w/AB) is designed to assist drivers in avoiding potential collisions with nearby static objects when the vehicle is in Drive or Reverse and approaching crossing vehicles when the vehicle is in Reverse. Do not overly rely on PA w/AB. Always look around outside the vehicle and use mirrors to confirm clearance. Certain vehicle and environmental factors, including an object or vehicle's shape, size and composition, may affect the system's effectiveness. See Owner's Manual for additional limitations and details. 67. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner's Manual for additional limitations and details.

## Disclaimers

---

**68.** Do not rely exclusively on the Rear Cross-Traffic Braking system. Always look over your shoulder and use your mirrors to confirm rear clearance. The system cannot prevent all collisions, and performance is dependent on road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. **69.** The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to [www.aloa.org](http://www.aloa.org) to find a qualified locksmith in your area who can perform high-security key service.
