The Department of Developmental Services (Department) submitted this rulemaking action to make substantial amendments to title 17 conflict-of-interest regulations applicable to regional centers that provide services to the public under the Lanterman Developmental Disabilities Services Act. These regional centers are nonprofit entities that have both a statutory and contractual relationship with the Department under the act. The proposed regulations establish criteria that constitute conflicts of interest, and standard reporting and monitoring requirements that pertain to regional center board members, executive directors, employees, and others acting on behalf of a regional center, as specified, that have decisionmaking or policymaking authority or authority to obligate a regional center's resources. The proposed action implements recent changes in the Welfare and Institutions Code made in SB 74 (Stats. 2011, c. 9), and is intended to assure those that are subject to the regulations make decisions with respect to regional center transactions that are in the best interests of a regional center's consumers and families.

OAL approves this regulatory action pursuant to section 11349.3 of the Government Code. This regulatory action becomes effective on 1/28/2014.
