EXECUTIVE SUMMARY

The Department of Developmental Services (DDS) has audited Community Compass, Inc. (CCI). The audit was performed upon the Behavior Management Program (BMP) and Supported Living Service (SLS) program for the period of January 1, 2022, through December 31, 2022.

The result of the audit disclosed no issues of non-compliance.

BACKGROUND

DDS is responsible, under the Lanterman Developmental Disabilities Services Act, for ensuring that persons with developmental disabilities receive the services and supports they need to lead more independent, productive and normal lives. DDS contracts with 21 private, nonprofit regional centers that provide fixed points of contact in the community for serving eligible individuals with developmental disabilities and their families in California. In order for regional centers to fulfill their objectives, they secure services and supports from qualified service providers and/or contractors. Pursuant to the Welfare and Institutions (W&I) Code, Section 4648.1, DDS has the authority to audit those service providers and/or contractors that provide services and supports to persons with developmental disabilities.

OBJECTIVE, SCOPE AND METHODOLOGY

Objective

The audit was conducted to determine whether CCI's programs were compliant with the W&I Code, California Code of Regulations (CCR), Title 17, State and Federal laws and regulations and the regional centers' contracts with CCI for the period of January 1, 2022, through December 31, 2022.

Scope

The audit was conducted in accordance with the Generally Accepted Government Auditing Standards (GAGAS) issued by the Comptroller General of the United States. The auditors did not review the financial statements of CCI, nor was this audit intended to express an opinion on the financial statements. The auditors limited the review of CCI's internal controls to gain an understanding of the transaction flow and invoice preparation process, as necessary, to develop appropriate auditing procedures. The audit scope was limited to planning and performing audit procedures necessary to obtain reasonable assurance that CCI complied with W&I Code and CCR, Title 17. Any complaints that DDS' Audit Section was aware of regarding non-compliance with laws and regulations were also reviewed and addressed during the course of the audit.

The audit scope was determined by reviewing the programs and services provided to VMRC that utilized CCI's services during the audit period. CCI provided two different types of services, which DDS audited. Services chosen by DDS were based on the amount of purchase of service (POS) expenditures invoiced by CCI. By analyzing the information received from the vendor, an internal control questionnaire and a risk analysis, it was determined that a two-month sample period would be sufficient to fulfill the audit objectives.

Behavior Management Program

During the audit period, CCI operated one BMP program. The audit included the review of CCI's BMP program, Vendor Number HV0088, SC 515 and testing was done for the sampled months of August 2022 and September 2022.

Supported Living Service

During the audit period, CCI operated one SLS program. The audit included the review of CCI's SLS program, Vendor Number SV0088, SC 896 and testing was done for the sampled months of August 2022 and September 2022.

Methodology

The following methodology was used by DDS to ensure the audit objectives were met. The methodology was designed to obtain a reasonable assurance that the evidence provided was sufficient and appropriate to support the finding and conclusion in relation to the audit objectives. The procedures performed included, but were not limited to, the following:

- Reviewed vendor files for contracts, rate letters, program designs, POS authorizations and correspondence pertinent to the review.
- Interviewed regional center staff for vendor background information and to obtain insight into the vendor's operations.
- Interviewed vendor staff and management to gain an understanding of the vendor's accounting procedures and processes for regional center billing.
- Obtained and reviewed the vendor's internal control questionnaire.
- Reviewed vendor service/attendance records to determine if the vendor had sufficient and appropriate evidence to support the direct care services billed to the regional center(s).
- Analyzed the vendor's payroll and attendance/service records to determine if the appropriate level of staffing was provided.
- Interviewed the Program Director for vendor background information and to gain understanding of accounting procedures and financial reporting process.
- Reviewed the vendor's payroll records to determine the vendor's costs.

CONCLUSION

The audit of CCI revealed that this vendor maintained its records in accordance to the requirements of CCR, Title 17. For the sampled months tested, DDS was able to obtain the evidence necessary to achieve the audit objectives. The billing for the services and programs audited were found to have sufficient, competent, and relevant evidence to support the direct-care hours billed.

VIEWS OF RESPONSIBLE OFFICIALS

DDS issued a draft audit report on December 4, 2023. The areas of review and conclusion of the audit were discussed in an exit conference with Community Compass, Inc. on, November 29, 2023.
