

NOTICE OF GENERAL PUBLIC INTEREST

RELEASE DATE: February 6, 2024

PROPOSED AMENDMENT TO MEDI-CAL HOME AND COMMUNITY BASED SERVICES 1915(i) STATE PLAN FOR THE DEVELOPMENTALLY DISABLED

This notice is to provide information of public interest about a proposed Medi-Cal State Plan Amendment (SPA) by the Department of Health Care Services (DHCS). This amendment proposes to do the following:

- Add group homes for children with special health care needs as a new provider for community living arrangement services.
- Add participant-directed as a service delivery method for Self-directed Support Services

DHCS requests input from beneficiaries, providers, and other interested stakeholders regarding proposed SPA #24-0005, a copy of which is attached.

DHCS administers the Medi-Cal Home and Community Based Services 1915(i) State Plan for the Developmentally Disabled (1915(i) State Plan). Department of Developmental Services (DDS) ensures, under the oversight of DHCS (the State Medicaid agency), that the 1915(i) State Plan is implemented by regional centers in accordance with Medicaid law and the State's approved State Plan. Regional centers coordinate, provide, arrange, or purchase the services and supports available under the 1915(i) State Plan.

Under the Lanterman Developmental Disabilities Services Act (Lanterman Act), Welfare & Institutions (W&I) Code section 4500 et seq., people with developmental disabilities, as defined in W&I Code section 4512(a), are eligible to receive services and supports that meet their individual needs and choices as defined in W&I Code section 4512(b). DDS administers the Lanterman Act.

Pursuant to Welfare and Institutions Code Section 4519.8, the Department of Developmental Services (DDS) submitted a rate study to the Legislature in March 2019. The rate study included proposed rate models and payment methodologies for services. The rate models were developed for specific services that include specific assumptions related to the various costs associated with delivering each service, including direct care worker wages, benefits, and 'productivity' (i.e., billable time); staffing ratios; mileage; facility expenses; and agency program support and administration. The rate study covered services with rates established under the median rate, cost statement, the Alternative Residential Model, as well as rates set in statute or regulation.

General information about the 1915(i) State Plan can be found at <https://www.dds.ca.gov/initiatives/hcbs/>

The aggregate fiscal impact of this amendment is estimated to be \$34,000 federal funds for federal fiscal year (FFY) 2023-24 and \$138,000 in federal funds for FFY 2024-25. The effective date of the proposed SPA is July 1, 2024. All proposed SPAs are subject to approval by the Centers for Medicare and Medicaid Services (CMS).
