

In-Home Day Program (service code 091)

A regional center shall classify a vendor as an In-Home Day Program Provider if the vendor provides day program services to individuals who are unable to attend day programs outside their homes, because of medical conditions that prevent travel to outside programs. In-home day programs are designed to allow an individual to remain in a stable day program environment. In-Home Day Program services include, a variety of activities designed to meet an individual's needs from activity center programs to vocational activities that can be completed from home. An In-Home Day Program must be vendored with the regional center and have a regional center approved program design that includes the provision for an annual assessment process to check that an individual's participation in this type of program remains appropriate. This can be done in conjunction with the regional center annual review.
