Summer 2024

## **Performance Report for North Bay Regional Center**

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve individuals and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about your regional center.

Last year, at North Bay Regional Center (NBRC) we served about 10,750 individuals. The charts on page two tell you about the individuals we serve. You'll also see how well we are doing in meeting our goals and in fulfilling our contract with DDS.

At NBRC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. As you can see in this report, we did well in the following areas:

- Fewer adults living in large facilities with six (6) or more people,
- The number of individuals exiting paid internship programs into competitive integrated employment increased.
- Increased the number of Individual Family Service Plan (IFSP) requirements met

But, we still need to improve in the following areas:

- Per capita purchase of service expenditures by individual's primary language
- Intake/Assessments completed in a timely manner (240 days or less)

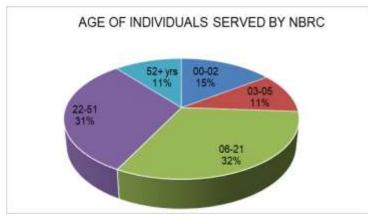

We hope this report helps you learn more about NBRC. If you have any questions or comments, please contact us!

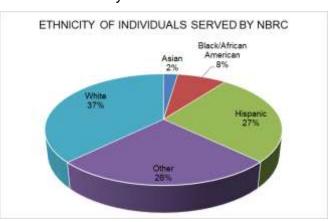

This report is a summary. To see the complete report, go to: <a href="https://www.nbrc.net">www.nbrc.net</a>

Gabriel Rogin Executive Director North Bay Regional Center

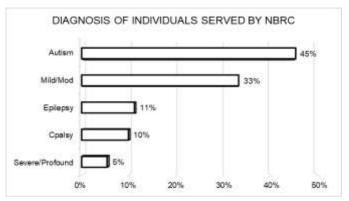

### Who uses NBRC?

These charts tell you about who NBRC individuals are and where they live.

## How well is NBRC performing?

This chart tells you five areas where DDS wants each regional center to keep improving.

The first column tells you how NBRC was doing last reporting period, and the second column shows how NBRC was doing at the end of fiscal year 2024.

To see how NBRC compares to the other regional centers in the state, compare the numbers to the state averages (in the shaded columns).

| Regional Center Goals  | Per              | porting<br>riod<br>per 2022) | Current Reporting<br>Period<br>(June 2024) |        |
|--|------------------|------------------------------|--|--------|
| (based on Lanterman Act)                                     | State<br>Average | NBRC                         | State<br>Average                           | NBRC   |
| Fewer individuals live in developmental centers              | 0.06%            | 0.08%                        | 0.05%                                      | 0.07%  |
| More children live with families                             | 99.61%           | 99.60%                       | 99.69%                                     | 99.57% |
| More adults live in home settings                            | 83.01%           | 81.60%                       | 83.86%                                     | 82.20% |
| Fewer children live in large facilities (more than 6 people) | 0.03%            | 0.00%                        | 0.02%                                      | 0.00%  |
| Fewer adults live in large facilities (more than 6 people)   | 1.67%            | 0.40%                        | 1.46%                                      | 0.32%  |

Notes: 1) Individuals can be included in more than one diagnosis category. 2) Residence Types: CCF/ICF is Community Care Facility/Intermediate Care Facility; ILS/SLS is Independent Living Services/Supported Living Services. 3) Home settings include independent living, supported living, Adult Family Home Agency homes, and individuals' family homes. 4) Green text indicates the RC remained the same or improved from the previous year, red indicates the RC did not improve.

#### Did NBRC meet DDS standards?

Read below to see how well NBRC did in meeting DDS compliance standards:

| Areas Measured  | Last Reporting<br>Period | Current<br>Reporting<br>Period |
|---|--------------------------|--------------------------------|
| Passes independent audit  | Yes                      | Yes                            |
| Passes DDS audit  | Yes                      | Yes                            |
| Audits vendors as required  | Yes                      | Partially Met (see note one)   |
| Didn't overspend operations budget  | Yes                      | Yes                            |
| Participates in the federal waiver  | Yes                      | Yes                            |
| CDERs and ESRs are updated as required (CDER is the Client Development Evaluation Report and ESR is the Early Start Report. Both contain information about individuals, including diagnosis.) | 96.65%                   | 99.94%                         |
| Intake/Assessment timelines for individuals age 3 or older met  | 75.45%                   | 66.61%                         |
| IPP (Individual Program Plan) requirements met  | 97.90%                   | 97.80%                         |
| IFSP (Individualized Family Service Plan) requirements met  | 86.1%                    | 87.3%                          |

Notes: 1)Regional center did not complete the minimum number of billing audits required for FY 2022-23 and did not submit vendor audit summary by deadline. 2)The federal waiver refers to the Medicaid Home and Community-Based Services Waiver program that allows California to offer services not otherwise available through the Medi-Cal program to serve people (including individuals with developmental disabilities) in their own homes and communities. 3) The CDER and ESR currency percentages were weighted based on the RC's Status 1 and Status 2 caseloads to arrive at a composite score. 4) N/A indicates that the regional center was not reviewed for the measure during the current period.

NBRC is constantly threatened by the announcement of licensed vendors discontinuing and/or reducing their services with NBRC, due to the more competitive rates from insurance and private pay sectors/contracts. This has drastically impeded our ability to meet our required timelines for the client intake process, delaying eligibility determinations and subsequently access to needed services and supports for which they would otherwise be entitled.

NBRC anticipates an improvement in the timeliness of intake/assessments for individuals over the age of 3 in 2024 due to a change in the rate structure for psychologists.

# How well is NBRC doing at getting individuals working?

The chart below shows how well NBRC is performing on increasing individual employment performance compared to their prior performance and statewide averages:

| A rose Massimad   | Time Period            |                      |                     |                      |          |  |
|---|------------------------|----------------------|---------------------|----------------------|----------|--|
