WESTSIDE
REGIONAL CENTER

Summer 2024

Performance Report for Westside Regional Center

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve individuals and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about your regional center.

Last year, at Westside Regional Center (WRC) we served about 11,150 individuals. The charts on page two tell you about the individuals we serve. You'll also see how well we are doing in meeting our goals and in fulfilling our contract with DDS.

At WRC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. As you can see in this report, we did well in:

1. WRC has fewer individuals residing in developmental centers.
2. WRC has increased the number of children living with families and adults in home settings.
3. WRC has no children living in large facilities.
4. WRC passed our DDS Audit and met our vendor audit requirements.
5. WRC successfully lived within its operations budget and participated in the federal waiver program.
6. WRC improved on timeliness of CDER and ESR updates.

But, we still need to improve in:

1. Meeting WRC Intake and Assessment Timelines.
2. Meeting WRC IPP and IFSP requirements.
3. Reducing disparity in WRC POS data.

We hope this report helps you learn more about WRC. If you have any questions or comments, please contact us!

Who uses WRC?

These charts tell you about who WRC individuals are and where they live.

How well is WRC performing?

This chart tells you five areas where DDS wants each regional center to keep improving.

The first column tells you how WRC was doing last reporting period, and the second column shows how WRC was doing at the end of fiscal year 2024.

To see how WRC compares to the other regional centers in the state, compare the numbers to the state averages (in the shaded columns).

Regional Center Goals (based on Lanterman Act)	Last Reporting Period (December 2022)		Current Reporting Period (June 2024)	
	State Average	WRC	State Average	WRC
Fewer individuals live in developmental centers	0.06%	0.03%	0.05%	0.01%
More children live with families	99.61%	99.82%	99.69%	99.83%
More adults live in home settings	83.01%	88.47%	83.86%	89.31%
Fewer children live in large facilities (more than 6 people)	0.03%	0.00%	0.02%	0.00%
Fewer adults live in large facilities (more than 6 people)	1.67%	0.69%	1.46%	0.68%

Notes: 1) Individuals can be included in more than one diagnosis category. 2) Residence Types: CCF/ICF is Community Care Facility/Intermediate Care Facility; ILS/SLS is Independent Living Services/Supported Living Services. 3) Home settings include independent living, supported living, Adult Family Home Agency homes, and individuals' family homes. 4) Green text indicates the RC remained the same or improved from the previous year, red indicates the RC did not improve.

Did WRC meet DDS standards?

Read below to see how well WRC did in meeting DDS compliance standards:

Areas Measured	Last Period	Current Period
Passes independent audit	Yes	Yes
Passes DDS audit	Yes	Yes
Audits vendors as required	Met	Met
Didn't overspend operations budget	Yes	Yes
Participates in the federal waiver	Yes	Yes
CDERs and ESRs are updated as required (CDER is the Client Development Evaluation Report and ESR is the Early Start Report. Both contain information about individuals, including diagnosis.)	97.76%	99.99%
Intake/Assessment timelines for individuals age 3 or older met	96.39%	94.44%
IPP (<i>Individual Program Plan</i>) requirements met	97.12%	92.78%
IFSP (<i>Individualized Family Service Plan</i>) requirements met	91.6%	77.8%

Notes: 1) The federal waiver refers to the Medicaid Home and Community-Based Services Waiver program that allows California to offer services not otherwise available through the Medi-Cal program to serve people (including individuals with developmental disabilities) in their own homes and communities. 2) The CDER and ESR currency percentages were weighted based on the RC's Status 1 and Status 2 caseloads to arrive at a composite score. 3) N/A indicates that the regional center was not reviewed for the measure during the current period.

WRC anticipates that continued efforts to reduce case load growth through increased Service Coordinator recruitment will support compliance with evaluation assessment timelines. Additionally, WRC is considering internal systems updates to reduce present Service Coordinator workload.
