Dexter Henderson, Executive Director
South Central Los Angeles Regional Center
2500 South Western Avenue
Los Angeles, CA 90018

Dear Dexter Henderson:

This letter is to convey the results of the Department of Developmental Services' (DDS) review of the Early Start Program at South Central Los Angeles Regional Center (SCLARC). This review was conducted through DDS' Self-Assessment Monitoring (SAM) system October 11, 2024, through December 12, 2024, to ensure that California meets Part C of the Individuals with Disabilities Education Act (IDEA) requirements.

SCLARC completed a self-assessment of 90 records through SAM. This consisted of 45 regular records and 45 transition records. DDS verified the documentation and the findings for each of the 90 records. DDS identified findings of noncompliance in the following areas:

- Early Intervention Services must be provided in the natural environment, or documentation of child-specific justification to receive those services outside of the natural environment
- Location of all Early Intervention Services must be identified on the Individualized Family Service Plan (IFSP)

The details of the findings are in the enclosed monitoring report.

Required Action:

The U.S. Department of Education's Office of Special Education Programs (OSEP) requires the state lead agency, DDS, to verify correction of noncompliance based on the individual child level (prong 1) and the systemic level (prong 2) as soon as possible, and no later than one year from the date of this letter. A plan, signed by you, addressing the systemic level (prong 2) areas of noncompliance is required to be submitted to DDS within 30 days of the date of this letter.

As part of the plan of correction, SCLARC should identify and address the root cause of noncompliance on each outstanding finding. Identifying the root cause ensures that corrective actions are meaningful and effective. Please forward the required evidence of clearance on each of the outstanding individual findings (prong 1) as soon as it is available (if applicable). DDS will require SCLARC to provide subsequent records to clear the systemic level findings. In addition, please see recommendations listed on page 5 of the monitoring report.

Thank you for your cooperation during the monitoring review of the Early Start program at SCLARC and your commitment to serve children and families. If you have any questions, please contact Reyna Ambriz, Early Start Branch Manager, at (916) 651-0364, or by email at Reyna.Ambriz@dds.ca.gov.

Sincerely,
