Important notice from the Department of Developmental Services about:

PROVIDER DIRECTORY – STANDARDIZED VENDORIZATION REVISION

D-2025-Regional Center Operations-004REV

What to Know

The Department is updating Directive D-2025-Regional Center Operations-004, first issued on November 14, 2025. This update explains that service codes 024, 065, and 400 are not included in the Provider Directory.

What's Changing

This directive does not change how individuals and families receive their services. This directive affects regional centers and providers using service codes 024, 065, and 400.

- Applications for these service codes will continue through the manual application process, not the new provider directory vendorization process.

Questions?

Regional centers should email providerdirectory@dds.ca.gov.
